

AFRICA'S  HOPE

THE 
ZIMBABWE
BIBLE SCHOOL PROJECT

LAND PURCHASE

We aim to purchase 4 hectares for \$240,000 to expand the Bible school in Gwanda. This land will greatly increase capacity.

DORM BUILDING

Alongside Africa Tabernacle Evangelism who will provide steel structures for two dorms, we need \$25,000 per dorm to complete construction.

DEEP WATER WELL

The installation of a deep water well will provide clean water to the school and act as a catalyst for gospel access.

AGRICULTURE PROJECT

Agricultural projects teach students valuable skills to support themselves, their churches, and maintain affordable tuition.
