

STERI-BLAST PRO – AQUEOUS OZONE JET SPRAY**EXCEPTIONAL LEASE DEAL – ONLY \$185 P/M LIST PRICE \$7,950*****Ideal Solution for Large Volume Growers***

STERI-SPRAY PRO automatically transforms regular tap water into powerful Aqueous Ozone. The world's strongest, fast acting and safest disinfectant.

***Safeguard the Purity of your Cannabis***

Aqueous ozone eliminates all the microbial contaminants causing license suspensions.

Ideal for Large Capacity Grow Areas

Capable of spraying up to 100 gallons per Hour.

Adjustable Spray Nozzle

Can be adjusted from a 40 ft. jet spray to a fine misting spray to suit all applications.

Portability and Convenience

Wheeled platform with a 25ft. long-reach hose.

Visual Confirmation

The only system where you can actually see Aqueous Ozone being produced.

Real Time Monitoring

The only system is which the operational functional of each component is displayed in real time.

Reduces Operational Costs

As Steri-Blast Pro transforms water into Aqueous Ozone, growers save thousands of dollars in chemical purchases.

**Additional Advantages**

- All disinfectants leave chemical residues which can increase the presence of toxic contaminants. Aqueous Ozone reverts back to pure water after disinfection which is an unbeatable advantage.
- We have lab. tests showing that Aqueous Ozone achieves a 99.999% bacteria kill in just 10 seconds.
- The Aqueous Ozone our equipment produces has multiple applications. The fine misting spray can be applied to plants at any height. The powerful jet spray can be used to disinfect everything in a grow area, including floors, equipment, containers and grow rooms being prepared for new batches.
- Take advantage of our \$185 per month lease offer with FREE SHIPPING
