Links to favourite websites

Recommended read-aloud favourites

A Message from Chelsea Mytko & Nathan Reist

Teachers and Presenters

Primary teachers – brother and sister – Chelsea Mytko and Nathan Reist present their favourite themes that enrich classroom ambience and energize children's Foundational Literacy Learning.

Why do we love themes in our classrooms?

We have been inundated with literacy research and skill-related innovations for the last few years – and that's a good thing because Foundational Proficiency is a must for every early learner.

But fun and play are too! Let's engage their imaginations, explore creativity and inspire them to want to read more – all while learning, practicing and mastering Foundational Learning Progressions!

COME-ALIVE LITERACY!
