ABOUT AGAPE DEVELOPMENT

At Agape Development, we are transforming our neighborhood by preparing Christ-following, independent, community leaders.

Agape Development began in 2005 with the vision of serving the OST/South Union community by becoming a part of the everyday life of the neighborhood. Over the last two decades, God has continued to provide opportunities for Agape Development to learn from neighbors and to grow in our capacity to serve our changing community. Agape love – a sacrificial, authentic, steadfast love – motivates and guides all that we do. Whether through our elementary after-school program, Agape Shaved Ice Business, job readiness coaching, financial education classes, or affordable housing initiatives, each of our programs plays a specific role in the overall work of Christian community development and in the transformation of our neighborhood.

20th BIRTHDAY BASH

NOVEMBER 1st, 2025 at MACGREGOR PARK

20th BIRTHDAY BASH

NOVEMBER 1st, 2025 at MACGREGOR PARK

YOUR IMPACT

\$20,000 COVERS THE COST OF:

6 months of Homebuyer Readiness programming through our affordable housing program. Agape Homes guides potential homeowners through each step of the process by offering financial education classes, personalized case management, and support with homebuyer assistance programs.

\$10,000 COVERS THE COST OF:

6 months of literacy instruction at our K-5th grade after-school program, Backyard Bible Club (BBC). Students receive one-on-one attention and support in a safe, loving environment, giving each student the opportunity to grow academically, spiritually, socially, and emotionally.

\$5,000 COVERS THE COST OF:

1 month of Women's Ministry discipleship activities through our Women's Fellowship. The Women's Ministry exists to pour into women - by being a community that prays for one another, supports one another, and has fun together - and to equip ladies to pour out - by becoming members of the leadership team who use their gifts and talents to serve others.

\$2,500 COVERS THE COST OF:

1 tour of Texas colleges for 8 teens & chaperones. In addition to providing a supportive environment for neighborhood students to experience the love of God and build healthy relationships, the Agape Teens Program allows teens to learn skills and habits through college and career readiness programming to prepare them for a successful future.

\$1,000 COVERS THE COST OF:

1 month of utilities for residents at the Haven of OST, our affordable, 20-unit, rental space for neighbors in need of housing. In response to the growing need for more affordable housing options in the community, Agape Development transformed a nearby motel into studio rentals, allowing neighbors access to a safe and affordable place to call home.
