EXPERIENCE

Senior Webflow Developer

Jan 2019 to Present

Self-Employed (Upwork & Direct Clients) · Belgrade, Serbia (Remote)

- Maintained a 100% Job Success Score on Upwork as a Top Rated freelancer across 30+ completed projects through consistent on-time delivery and clear client communication.
- Translated 50+ Figma designs into production Webflow sites using Client-First methodology, full CMS integration, and custom code for clients across SaaS, fintech, EdTech, and hospitality industries.
- Generated 300+ premium template sales on the Webflow Marketplace through reusable, design-system-driven products that established a recurring passive revenue stream.
- Built advanced GSAP, ScrollTrigger, and Lenis animations and integrated third-party services including DocuSign, Make.com, Mapbox, HubSpot, and Google Places across client projects.

Webflow Developer

Jan 2024 to Jan 2026

Devolfs (Freelance) · Remote

- Developed multi-section Webflow websites for clients across SaaS, hospitality, and B2B niches with full CMS integration and custom interactions.
- Delivered pixel-perfect implementation through close coordination with design teams on Figma to Webflow handoffs, with fully responsive layouts across all breakpoints.

Webflow Developer and UI Designer

Jan 2023 to Feb 2024

DoorLoop (Part-time) · Remote

- Led development and ongoing maintenance of the DoorLoop marketing website as the property management SaaS scaled across the US market.
- Implemented Webflow CMS structures for the blog, resource library, and feature pages, and standardized brand and UX consistency with the product and marketing teams.

UI/UX Designer

Dec 2018 to Dec 2019

Rip Bull Networks Inc (Full-time) · Remote

- Designed intuitive, visually compelling interfaces for SaaS applications with a focus on user flows and visual hierarchy.

UI/UX Designer

Apr 2017 to Apr 2018

MadeTight · Remote

- Delivered UX and visual design solutions for web and mobile applications and conducted user testing sessions to inform design decisions.

NOTABLE PROJECTS

Perrin Court Capital · Fintech investor onboarding

perrin-court-capital.webflow.io

Seven-step investor onboarding platform with DocuSign API, Make.com webhooks, Google Places autocomplete, and a canvas e-signature. Reduced the form-to-contract flow to under 3 minutes.

Untitled Hotel NYC · Boutique hotel marketing site

untitledhotel.com

Custom GSAP and ScrollTrigger animation system with a preloader, drag-based rooms slider, testimonial crossfade, and scroll-driven photo cycles. Resolved mobile Safari performance issues, preloader race conditions, and scroll-snap bugs across iOS devices.

Viscenta Capital · Investment firm marketing site viscenta.com
Dark luxury build with animated SVG wave backgrounds, gradient border animations, scroll-triggered text reveals, and a cursor-following gradient, all on a scalable Client-First component system.

British Pilgrimage Trust · Interactive map platform britishpilgrimage.org
TypeScript and Vite codebase with Mapbox and Finsweet pagination. Fixed coordinate deduplication, search cache timing, and fallback icon issues, and deployed the platform to a new Vercel production project.
