

CONSERVATION THROUGH AVIATION PROTECTING ELEPHANTS AND RHINOS IN AFRICA WITH EYES IN THE SKY.

THE WORLD LOSES 2 RHINOS PER DAY AND 1 ELEPHANT EVERY 15 MINUTES

Dear Fellow Aviators,

I'm reaching out to pilots who share a love for aviation - and a passion for purpose.

We are creating the **ERP Air Wing**, a dedicated aviation unit supporting the **Elephants, Rhinos & People (ERP.ngo)** organization in our mission to protect endangered wildlife in Southern Africa. A pair of locally sourced Cessna 182s will play a vital role in anti-poaching surveillance and herd-monitoring missions, and bringing supplies to remote areas in Namibia.

As a pilot, you understand what capable airplanes can do in demanding environments. That is why we're turning to the general aviation community to help us fund the ERP Air Wing.

GOAL: \$500,000

**YOUR MISSION: JOIN AN EXCLUSIVE CLUB OF 500 PILOTS
AND BECOME AN ERP AIR WING FELLOW WITH A \$1,000 GIFT**

We're asking 500 pilots to each contribute \$1,000 to secure our 182s and construct a hangar and home base in Swakopmund, Namibia. Every dollar brings us closer to deploying the first two airplanes to safeguard elephants and rhinos and support local communities.

As an ERP Air Wing Fellow you will be in an exclusive club of general aviation pilots who believe in protecting these magnificent creatures...and your signature will be on the airplane along with other pilots who join in this endeavor. ERP Air Wing Fellows will also be first in line to come and fly these planes in Africa as the program evolves.

Together, we can prove that general aviation serves a higher purpose and that pilots lead the way!

This link will take you to a seamless way to contribute \$1,000 online and provide the first and last name as you would like it to appear on the airplane.

**MAKE A
DONATION**

ERP is a 501(c)(3) non-profit organization. All donations are tax deductible.

Blue Skies,
Tom Haines
ERP Air Wing Project Lead
