

CHECK YOUR BOX

The cost-effective inspection
for your reversing gears

by  **van STIGT**

CHECK YOUR BOX:

A complete inspection package with an extensive check including a test run, visual inspection, small maintenance and a lubricating oil analysis.

Knowledge of reversing gear condition

Building an optimal service history

3% discount on spare parts with continued annual inspections

€355

per reversing gear

A very complete inspection package

What do you get for your money? A complete written report with inspection, test run results and lubrication oil analysis. Possible attention points are clearly marked, and when required a service/maintenance advise is provided.

Test run

- Operating pressure
- Lubrication oil pressure
- Shifting behaviour
- Lubrication oil temperature
- Temperature of bearing bores
- Alarm check
- Functioning of controls

Visual inspection

- Contact pattern of gearwheels
- Lamella drum
- Mounting bolts
- Propeller shaft bolts
- Flexible coupling

Maintenance

- Filter inspection
- Accumulator fill up

Lubrication oil analysis

During the inspection a lubricating oil sample is taken. The sample is analysed by professional laboratory and the findings are reported. On the basis of the findings we will provide the customer with an appropriate technical advice. When the customer has the oil analysed by a third party, ADS van STIGT is more than happy to advise on the basis of these third party results.

Cost for this annual inspection

The inspection fee is € 355 excluding VAT for a single reversing gear. For a twin screw installation the fee is € 471 excluding VAT. Travel and accommodation costs for inspections outside Gorinchem are extra. Combine Check your Box with Check your Controls for a total inspection cost of €560 excl. VAT for a single-screw installation and €792 excl. VAT for a twin-screw installation.
