Work Experience

Tapestry—2022 to present

New York City, Digital Designer

An international Fortune 500 fashion company overseeing the Coach and Kate Spade brands.

Worked as part of Data Analytics, an internal SaaS team developing bespoke enterprise apps to spur technological transformation.

Conducted user research and analysis to design features for a variety of apps. This includes a merchandising platform that is used to create efficient product assortments that drive \$7 billion dollars in annual revenue. Also worked on a fashion-specific AI platform.

Happy Cog—2021

Remote Work, UX Design Intern

A digital agency offering services in design, development, and marketing.

Worked with project managers and developers to create designs for responsive websites. Contributed to digital designs for both non-profits and for-profit businesses.

History Moves—2020

Remote Work, UX Designer

An exhibition project that highlights the voices of women living with HIV/AIDS.

Collaborated with historians from the University of Illinois and designers from the University of Cincinnati to create an online exhibition that could be viewed during the pandemic.

HBO—2019

New York City, Junior Production Designer

An award-winning premium television network.

Worked within the Program Marketing team to create assets for HBO websites and social media. Designed for campaigns promoting Game of Thrones and True Detective, among other shows.
