

TECH & HOSPITALITY RIDER

Thank you for booking Double Duran! We're excited to bring our performance to your event. Please review and follow this rider as closely as possible. If any of these requests present challenges, contact us right away so we can work together on a mutually agreeable solution.

Band Leader: Greg Marsh

(Cell) 443-831-9308

Email: marshg1@comcast.net

House Sound system

Acceptable Systems: Meyer/EV or similar quality

System shall have even coverage throughout venue

System shall be flown whenever possible or appropriately elevated

System shall be configured in stereo (L/R)

FOH Sound Console

Acceptable Consoles: Midas/Soundcraft or similar quality

Console and mix position should be placed in front of stage at midway venue point or in back off venue.

Double Duran travels with their own professional FOH tech who will mix the bands performance.

Video

Double Duran requires a screen to be hung above and behind the band center stage. When this isn't possible, Double Duran will provide three (3) large scale screens (85-inch or larger) placed behind drummer, keyboardist, and back center stage.

HDMI cable runs from the laptop at keyboard position to the screens.

Staging

Purchaser agrees to provide a staging area of sufficient size and strength to accommodate Double Duran's equipment and ensure safety of band, staff and personnel.

The minimum dimensions of stage will be 36'W x 24'D x 3'Height.

(2) Drum risers on stage per band stage plot. Minimum 6 x 6 x 1.5 Height for the drummer/Keyboard

Lighting

Front lighting and overhead positions preferred with movers and haze.

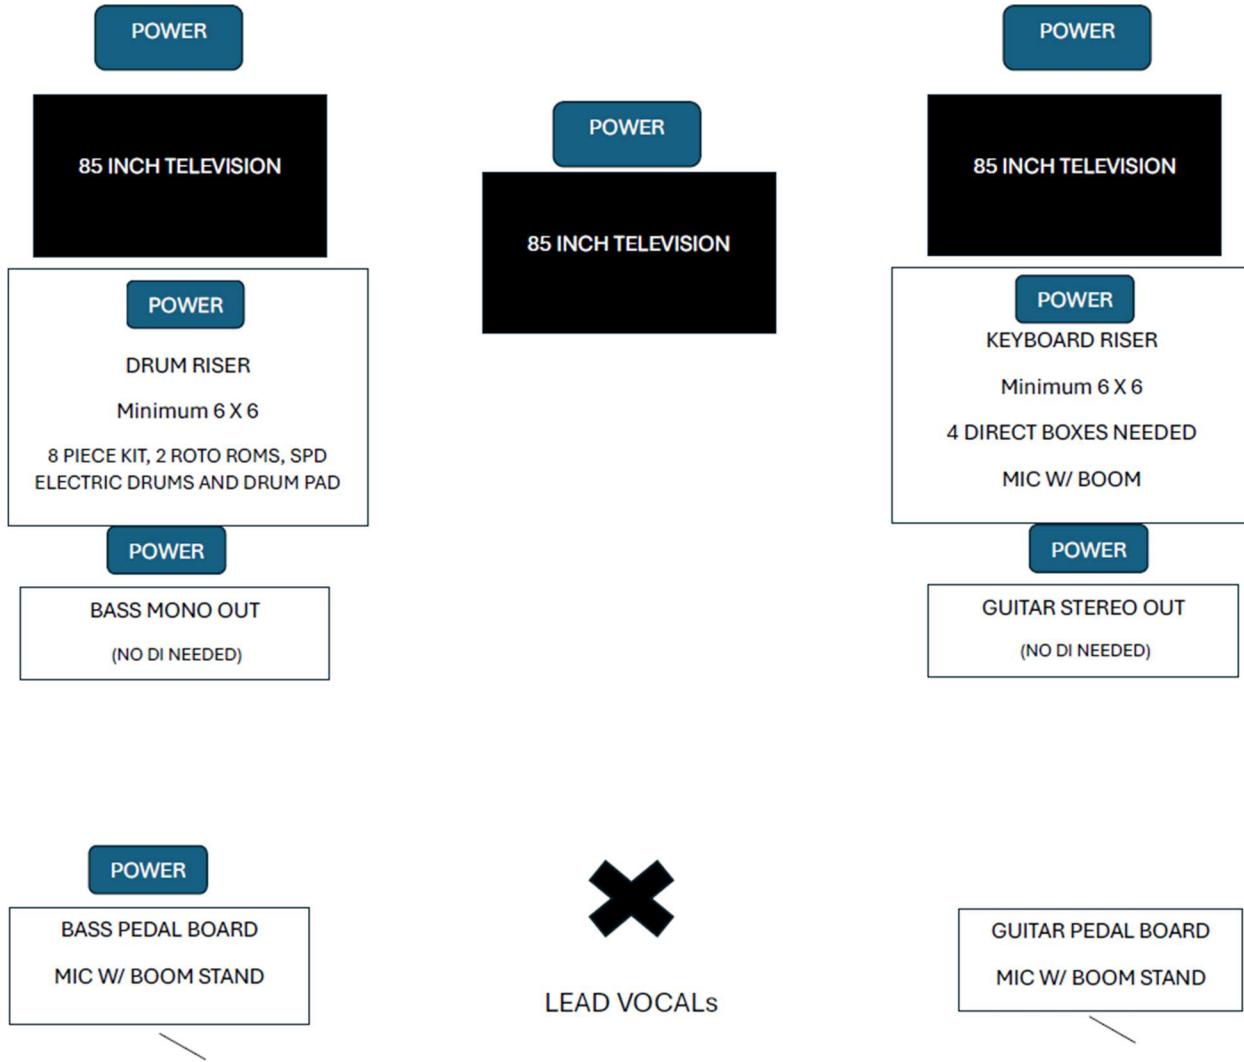

Please contact production manager to coordinate.

Tech Contact: Rob Manfredi
