

Brooke '24

Canada

I imagined high school would be like the movies where everyone lives in a bubble with their own friends and there are more than a hundred kids in your grade. And you're rushing off from your locker between classes. And feeling lost when trying to find a seat at lunch.

This was not the case. I consider my first year of high school to be grade 10, because that was my first year at Rosseau Lake College. Like the rest of my peers, on the first day I wandered around campus trying to figure out what I was supposed to be doing... the rest of the day was blurred It can be hard to know where you fit in. What I didn't know was that I'd be surrounded by caring teachers. I also fell in love with this environment. I've gone on so many adventures, big and small, with amazing people to share them with. This is a community where you know you'll always have someone to sit with at lunch.

Brooke joined RLC in her Grade 10 year, and quickly made a mark for herself with her positive attitude and energetic nature. Whether on the field hockey or rugby pitch, the snowboarding hills, or the soccer field, Brooke is an impressive athlete and a force to be reckoned with. Her athletic strengths led her to various awards, including being part of the CISAA championship-winning field hockey team and competing at OFSAA for snowboarding.
