TURN YOUR TRUSTED DATA INTO AI-READY INTELLIGENCE

Your AI. Your data. Trusted answers.

Connect ChatGPT, Claude, and other enterprise AI tools to a governed intelligence layer built for commerce.

- SECURE

■ GOVERNED

■ REAL-TIME

FROM FRAGMENTED DATA TO EXECUTIVE INTELLIGENCE

ONE CONNECTION. FOUR WAYS TO ACT.

- 

01

ASK
Get trusted answers to complex business questions in natural language.
- 

02

ANALYZE
Explore performance, profitability, trends, and business drivers.
- 

03

REPORT
Turn governed metrics into clear summaries for teams and executives.
- 

04

ALERT
Surface important changes, risks, and opportunities when they matter.

FROM A FULL DAY OF ANALYSIS TO A SINGLE PROMPT
★★★★★
"It made all of the right calls with a fairly complex analysis from a single prompt that would have taken me a full day."
 **QUINN MICHAEL**
VP of Marketing, TomboyX

FROM "DO YOU HAVE AI?" TO "CAN OUR AI USE YOUR DATA?"
Daasity gives your AI the context to understand the business—not just retrieve numbers.
