# What happens next?

Please complete the Croft Cargo application form, Information form and customs authority forms. Click the links on this page to download the forms or you can download these from our website.

Once you have completed Croft Cargo's credit application and Customer information and customs authority forms these will be processed by our sales/accounts team. You will be advised on your credit facility with Croft Cargo and conditions to this.

After setup, you will be given a portal login for Croft assist. This is Croft Cargo's online portal where you can track shipments and download document packs for your shipments. Your account manager will provide full details of this facility.

One of our dedicated account managers will then be in touch to provide you with up-to-date information on your shipment with the required sailing schedule/flight schedule or road schedule. If you are happy to confirm the shipping order, then Croft will confirm all details with the shipping line / an air carrier or road haulier. Your dedicated account manager will provide full updates to you when required.

If you require a quotation for sea freight full load or LCL, airfreight, European transport or warehousing, give our sales team a call. Croft specialises in providing our clients with solutions.

Croft is an AEO-approved customs specialist who can create and operate any customs/supply chain solution.

# Want To Meet The Team?

So you've started to work with Croft Cargo and want to see where the magic happens. No problem please let our sales team know and we are more than happy to arrange to visit you and see your supply chain operation and understand your products.

Alternatively, if you want to visit our premises we would gladly welcome a visit. Being based in Yorkshire we are a friendly bunch and will make you feel at home. We will also provide some lovely treats with a cup of Yorkshire tea or a nice coffee.
