G R O U N D

CleanShell™ Fabric

D-Ring Clip For Optional Lanyard

Loud Velcro Closure

RF Blocking

ID Window

Features & Benefits

- Integrated RF shielding blocks signals to prevent distracting alerts
- High-decibel velcro closure alerts staff to tampering or unauthorized access
- Easy-to-clean exterior built for daily school use

Usage

- Durable, purpose-built construction designed to outlast competing products
- Immediate access in emergencies while maintaining in-class security
- Eliminates dismissal bottlenecks with no need for unlocking stations

Construction

- RF-welded construction with reinforced stitching around perimeter for added strength
- 2mm EVA Foam layer with RF shield (blocks wifi, bluetooth, and cellular)

CleanShell Fabric:

- Laminated polyester
- Used in military and premium outdoor gear
- Stain-resistant and easy to wipe clean
- Longer lasting than hydrophobic treatment

VaultED™ Cell Pouch Overview

VaultED™ is a purpose-built cellphone storage pouch designed to meet growing school mandates while keeping classrooms focused and distraction-free. Unlike lock-and-dongle systems that slow dismissal and are prone to failure, VaultED™ ensures security without compromising accessibility, providing immediate access in emergencies and a smoother end-of-day release.

Fit Guide

- Fits up to iPhone 16 Max Pro or Samsung Galaxy S25 Ultra (with case)

Optional Accessories and Customization

Optional Wrist Strap
(sold separately)
