

"Our detailed research leads us to actionable investment insights. Filtering through the noise, we stay focused on what matters and transparent in our thinking."

This portfolio has neutral exposure to growth assets of 70% and is designed for investors willing to accept elevated volatility and the risk of material drawdowns in pursuit of higher long term growth. Portfolio values may fluctuate significantly, and sustained periods of negative returns may occur.

DRUMMOND CAPITAL PARTNERS

Drummond is a specialist multi-asset investment manager.

It is 100% focused on providing institutional quality portfolio management under the transparent and efficient managed account structure.

The business is owned and managed by the investment team that has a combined 100+ years of investment management experience.

Drummond is an asset allocation specialist with proprietary strategic and tactical asset allocation processes; this combined with their independent investment manager research delivers high quality, risk aware portfolio solutions.

FIRST CHOICE SERIES

These portfolios are designed for investors and their advisers who, having determined their investment objectives, are seeking a professionally managed multi-asset solution.

The portfolio combines the four pillars of Drummond investment process - strategic asset allocation, tactical asset allocation, investment manager research and portfolio construction.

Each of these processes is proprietary and developed using Drummond's extensive asset management experience in order to provide robust, diversified portfolios for investors.

IMPORTANT NOTICE

1. Fees represent total administration fees, investment fees and costs, and transaction costs. 2. Returns are net of the portfolio MER/ICR, the 0.20% FC Administration Fee, tax (for super investors), and transaction costs, as reflected in unit prices. The member-level administration fee is not reflected in performance. This information is based on the latest available data provided by the underlying investment managers. Returns greater than one year are annualised. Performance is shown net of underlying fund manager fees and gross of model management fees and is calculated from the model portfolio within CFS FirstChoice. Actual client performance may differ over time. Peers represent a composite of institutional multi-asset funds.
