Drummond Index Plus High Growth

FACT SHEET

DRUMMOND
CAPITAL PARTNERS

"Our detailed research leads us to actionable investment insights. Filtering through the noise, we stay focused on what matters and transparent in our thinking."

This portfolio has a neutral exposure to growth assets of 90% and is designed only for investors willing to accept significant volatility and an increased risk of material drawdowns in pursuit of higher long term growth. Portfolio values may fluctuate significantly, and extended periods of negative returns may occur.

DRUMMOND CAPITAL PARTNERS

Drummond is a specialist multi-asset investment manager.

It is 100% focused on providing institutional quality portfolio management under the transparent and efficient managed account structure.

The business is owned and managed by the investment team that has a combined 100+ years of investment management experience.

Drummond is an asset allocation specialist with proprietary strategic and tactical asset allocation processes; this combined with their independent investment manager research delivers high quality, risk aware portfolio solutions.

INDEX PLUS SERIES

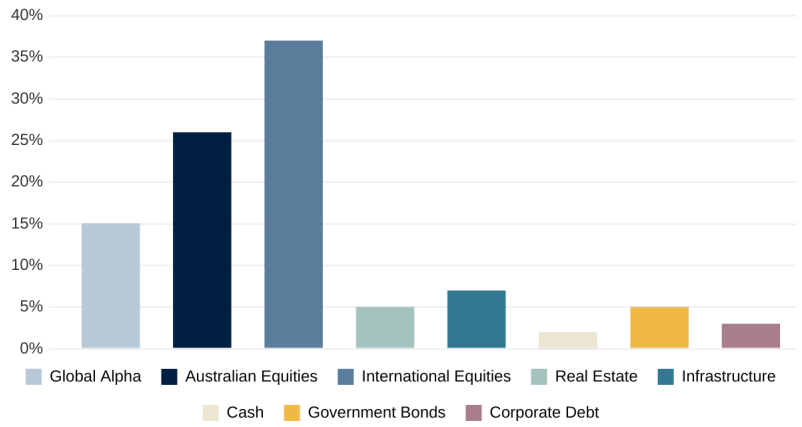

These portfolios are designed for investors and their advisers who, having determined their investment objectives, are seeking a professionally managed, low cost, multi-asset solution on CFS FirstChoice.

The Index Plus Series combines three pillars of Drummond's investment process - strategic asset allocation, tactical asset allocation and portfolio construction.

Each of these processes is proprietary and developed using Drummond's extensive asset management experience to provide robust, diversified portfolios for investors.
