NOW ENROLLING
3 COURSES PER YEAR

Three things we promise

Convenient — learn on your own schedule

Affordable — one tuition, everything included

Achievable — real support, every step

YOU'RE IN THE RIGHT PLACE IF...

- You want a **real career** – not another dead-end job.
- You don't have **2–4 years** to sit in a classroom.
- You don't have **\$15,000** to gamble on tuition.
- You **can't quit your job** to "go back to school."
- You're tired of hearing "you need a degree" – when you already know you need a **skill**.

If that's you, the next few slides will **change how you see your next 10 weeks**.

IMAGINE THIS.....

In 10 weeks, you're working in your new career.

Impacting people's lives in a meaningful way.
Enjoying work-life balance. Living financially stable
— inside the healthcare industry.

- A stable healthcare career
- Real work-life balance
- Meaningful patient impact
- Financial independence

• REAL STUDENTS · REAL OFFICES

THE ACCELERATED CAREER PATH

Working in **weeks**, not years.

Our program takes a modern, fast-track approach designed to take you from curious to hired — inside a real dental office, on a schedule that fits your life.

The Accelerated Way

10 weeks

- ✓ One day a week, on Fridays or Saturdays
- ✓ Online lectures you complete at your pace
- ✓ One tuition — every training included

The Traditional Way

2 years

- Full weekly class schedule
- Years of tuition and growing debt
- Career on hold the whole time

Our program is built on real outcomes – not promises.

Four numbers we earned the hard way, by focusing on what employers actually want from a new hire.

PROGRAM LENGTH

10

Weeks from day-one lecture to a job-ready resume.

HIRED GRADUATES

7K+

Students placed into real dental offices across the country.

HIRING NETWORK

800+

Dentists actively partnered with our career services team.

LOCATIONS

100+

Clinics ready to host your hands-on training.

OUR HYBRID TRAINING MODEL

How can we teach you everything you need – this fast?

We split learning into two parts that work together: **online curriculum** you complete during the week, and **hands-on clinics** where you practice what you learned.

1 During the week

Complete the online curriculum that was designed by over 100+ dental professionals. This is completed at your own pace – led by an AI-powered course guide that walks you through every lesson.

Self-paced

Online lectures

2 On Fridays or Saturdays

Practice what you learned in a real dental office – 4-hour, small-group clinics where the skills become second nature.

Hands-on

Real dental office

5 in 1

TRAININGS & CERTIFICATES

One tuition. Five career-building assets. Everything you need to walk into your first dental office and belong there.

WHAT YOU GET WITH ENROLLMENT

One tuition covers all five trainings & certificates.

1

Accelerated Beginnings Prep Course

Learn the dental basics before you step into the classroom.

2

10-Week Hybrid Dental Assisting Course

Graduate with the hands-on skills employers are looking for.

3

X-Ray Training & Certificate Support

Take X-rays and use essential dental equipment.

4

CPR Certification

A required credential for any healthcare setting.

5

Career Services Course

Resume, interview prep, and a dedicated Career Coach.

COURSE HIGHLIGHTS

10-Week Hybrid Dental Assisting Course.

A course designed around the reality of an adult life with work, family, and a real schedule.

DURATION

10 weeks. One clinical day per week (Either Fridays or Saturdays depending on location).

FORMAT

Hybrid. Online lectures paired with hands-on clinical training.

ONLINE LECTURE

Self-paced curriculum led by an AI-powered course guide.

IN-PERSON CLINICS

4-hour clinics held in a practicing dental office.

CLASS SIZE

12 students per course — small groups, personalized instruction.

Hands-on, from week one.

Real X-ray equipment. Real patient setups. Real dental professionals mentoring you on-site — not in a simulated lab.

Your weekly rhythm: online during the week, in clinic on the weekend.

Designed so you can keep your current job, your family routine, and your life — while building a new career in parallel.

MONDAY – THURSDAY · ONLINE

Self-paced curriculum, on your schedule.

Complete lectures, readings, and knowledge checks whenever it fits. Emma, our AI-powered course guide, walks you through every concept before you need it in clinic.

PACING

Self-paced

GUIDE

ACCESS

Anytime

FRIDAY OR SATURDAY · IN CLINIC

Four hours of hands-on practice in a real dental office.

Small classes of 12 — so you get real reps on real equipment, with a practicing dental professional watching your form, not a slide deck.

TIME

4 hrs / wk

CLASS SIZE

12 students

SETTING

Real clinic

WHERE GRADUATES LAND

Ten weeks in. A new career out.

Our graduates leave with more than credentials. They leave with a valuable skill, a student support team, and a professional network that doesn't expire when the course ends.

FAQ: “Do you guarantee me a job?”

While no school can guarantee a job — as hiring decisions are made by employers — **we do guarantee you will be fully trained with everything you need to be job ready.**

- ✓ Career Services Course included (Resume building and interview prep).
- ✓ Student Support Team available after graduation.
- ✓ Track record of 7,000+ students hired.

FAQ: “Is this program accredited?”

We are a state-licensed school approved to train students in healthcare. We are not CODA-accredited. Completing a CODA-accredited program is **not** a requirement to become a dental assistant or to be hired.

Most dental offices care about your skills, confidence, and ability to jump in on day one. Our program is designed to get you job-ready quickly, not keep you trapped in a traditional classroom for years.

FAQ: “What are my option to pay for tuition?”

We keep payment options simple and flexible to remove financial anxiety.

Option 1: Pay in Full upfront

Option 2: Use a flexible payment plan to spread tuition into smaller, manageable payments.

Start right away instead of waiting. Remember, most students earn back their tuition in their first few weeks of working!

WHAT TO EXPECT ON OUR CALL

A relaxed conversation – no pressure, just clarity.

You've read the blueprint. The next step is a conversation with our admissions team. Here is what to expect:

1 We get to know you
Your goals, your schedule, and what's drawing you toward a dental assisting career.

2 We answer everything
Cost, scheduling, locations, job outcomes – every question you have, answered straight.

3 You decide if it fits
If it's the right move, we'll map out your start date and next steps together.

We hope this information was helpful. Talk soon!
