

Step-By-Step

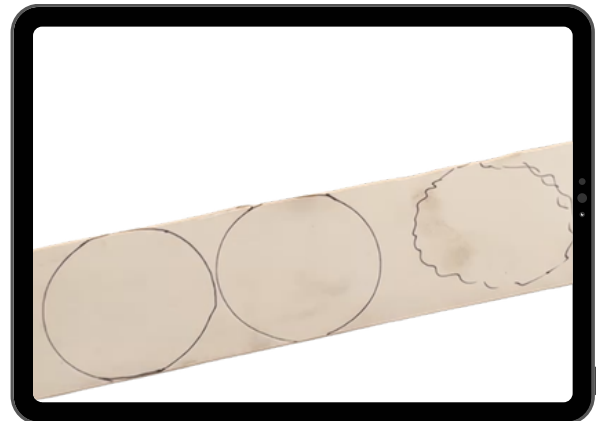

1. Based on colors & materials, decide what you want to make!

2. Start to wrap the cardboard tube tightly with the main color

3. Pull tight & glue down other side to cover entire tube.

4. Trace the end caps so you can get accurate circles

5. Glue on and push in the end caps
****Remember to leave part of side with slot in it UNGLUED**!**

6. Place on LEGS & make sure they are aligned so it stands up straight! Also, add Decorations!
