### More Than a Pretty Smile

Taking good care of your teeth and mouth is an important part of a healthy lifestyle. Practicing proper dental hygiene, like brushing, flossing, and avoiding sugary foods and drinks, is only part of the oral health equation. Visiting a dentist on a regular basis is also very important.

As an active employee of Smith Automotive Group, you have access to a dental insurance policy from United of Omaha Life Insurance Company.

You have so many reasons to keep your teeth and gums healthy. Ongoing dental care will help you maintain the best possible oral – and overall – health and well-being.

Coverage guidelines and benefits are outlined in the chart below.

### HIGH PLAN

With this dental plan, you have a choice in coverage levels, either the High Plan or the Low Plan. The High Plan offers a higher level of coverage (ex. a larger benefit percentage is available for covered services), with more costly premiums than the Low Plan. The Low Plan offers a lower level of coverage, with more affordable premiums than the High Plan. You have the flexibility to enroll for the plan that best meets you and your dependents dental health needs.

The plan pays the percentage shown after the deductible is satisfied up to the maximum. Additional information about the benefits and covered services of this plan will be included in the certificate booklet, which you will receive after enrolling for this coverage. Please contact your employer or benefits administrator if you have questions prior to enrolling.

The plan provides the same coverage levels for both In-Network and Out-Network services. However, because In-Network providers offer their services at predetermined fees, out-of-pocket expenses may be lower for plan members when receiving covered services from an In-Network provider.

The Maximum Allowance for Out-Network Services is based on the 80th Percentile as determined by Mutual of Omaha. Charges that exceed the Maximum Allowance (as defined in the certificate booklet) for any covered dental service are not considered.

## ROLLOVER BENEFIT PROVISION

The Rollover Benefit provision allows you and your dependents to save your dental benefit dollars for when you need them most. With this provision, Mutual of Omaha will "roll over" a percentage of the Policy Year Maximum Benefit for each insured person in a given calendar year, increasing the following Policy Year maximum for that insured person (subject to certain conditions). Rollover calculations are determined based on In-Network provisions.
