Admission Policy

SCOIL MHUIRE AGUS ÍDE

Introduction

This Admission Policy complies with the requirements of the Education Act 1998, the Education (Admission to Schools) Act 2018 and the Equal Status Act 2000. In drafting this policy, the Board of Management of the school has consulted with school staff, the school's Trustees and with parents of children attending the school. It is published on the school's website and will be made available in hardcopy, on request, to any person who requests it.

The relevant dates and timelines for Scoil Mhuire agus Íde's admission process are set out in the school's Annual Admission Notice (see Appendix 2) which is published annually on the school's website at least one week before the commencement of the admission process for the school year concerned.

In conjunction with its annual mainstream intake of students from our traditional catchment area, Scoil Mhuire agus Íde also has an Autism classroom to cater for students who have a diagnosis of Autism and who can attend mainstream classes. Additional admission criteria to our Autism classroom can be found in Appendix 1. The model of reverse inclusion will underpin the work of this unit. This centre has the capacity to cater for a maximum of six pupils who:

- Are secondary aged pupils (as per Department of Educational and Skills guidelines)
- Have a diagnosis of Autism and a letter of recommendation (see Appendix 1)
- Have completed mainstream primary school education or equivalent

Scoil Mhuire agus Íde will cooperate with the National Council for Special Education in the performance by the Council of its functions under the Education for Persons with Special Educational Needs Act 2004 relating to the provision of education to children with special educational needs, including in particular by the provision and operation of a special class or classes when requested to do so by the Council. Scoil Mhuire agus Ide will comply with any direction served on the patron or the board, as the case may be, under section 37A and any direction served on the board under section 67(4B) of the Education Act.

The Application Form for admission to mainstream classes can be found at Mainstream Class Application. Applications must be submitted through this form before the deadline which is outlined in the Annual Admissions Notice (Appendix 2). For applications to the Autism Classroom for 2024-2025, contact the office directly.

Applications for admission to Scoil Mhuire agus Íde's Autism Classroom will follow the terms outlined in this policy.

Annual Admission Notice

This policy must be read in conjunction with the Annual Admission Notice for the school year concerned. This will be published annually prior to the beginning of the admissions process in October and can be found on the school's website. This notice will contain the number of students that the school can cater for. This number will have been agreed to by the Board of Management for the upcoming academic year.

The Board of Management frowns on the widespread local practice of making multiple applications to a number of different schools. Evidence of this practice may militate against an applicant being accepted into our admission process.

The Board of Management, in setting the number of entry places available in the Annual Admission Notice, foresees that this number will include a maximum of 6 places in our Autism Classroom which will be accompanied by a mainstream place.

In the event of oversubscription, a sibling who is a twin/triplet who gains entry based on the independently adjudicated draw will be offered a place. To alleviate stress and family upheaval the Board of Management has decided that the other twin/triplets will also be offered a place if he/she/they have also made an application to the school. This exemption will also be applicable to siblings who are not twins, provided both have made application to the school in the normal way and both are students in a recognised Primary School at the time of application. The Board has stipulated that these adjustments should normally be made within the agreed number of places publicised by the school in its Annual Admission Notice but because of this derogation it should be noted that, in exceptional circumstances, this agreed number may increase.

Enrolment Procedure

An Open Day is organised each year for Sixth Class pupils in the Primary Schools in our catchment area where they can view the school. Parents are invited to come and visit the school and its facilities and meet with the Principal and staff members. This is a vital part of our enrolment process and parents and guardians are strongly encouraged to attend this meeting.

Application Forms are available on our website. Applications must be returned by the agreed date stated on the form.

There will be an Entrance Assessment in the Spring, which all incoming First Year students should undertake. This test is used to assess attainment levels to best cater for students according to their needs. It takes place after the enrolment process has been completed and consequently has no bearing on a decision whether to enrol a student.

On completion of the enrolment process, a request will be made for all relevant information to be made available from the student's previous school, including such matters as attendance record, behaviour issues, additional education needs etc. This will assist the school in making appropriate education provision for each student.
