

Sustainable Procurement Statement

Sustainable Procurement

At **Aicura Limited**, we are committed to responsible and sustainable procurement. We aim to make choices that benefit the environment, support ethical practices, and contribute positively to our community.

Environment

- Eco-friendly products and services.
- Reduced energy use, waste, and packaging.
- Support cloud and software services powered by renewable energy where possible.

Ethics & Fairness

- Suppliers who uphold human rights and fair labour practices.
- Promotion of diversity, equity, and inclusion.
- Compliance with all legal and ethical standards.

Community Support

- Support local suppliers to reduce emissions and stimulate the local economy.
- Engage with businesses that positively impact their communities.

Continuous Improvement

- Regularly review improve our procurement practices.
- Encourage suppliers to improve sustainability efforts.
- Monitor and report on our impact.
