2023 CABERNET SAUVIGNON

Accolades

93 Points Wine Enthusiast

91 Points Fort Worth International Wine Competition Gold Medal

Crafted from Certified Sustainably Grown Grapes

Taste

Indulge in the 2023 Brady Vineyard Cabernet Sauvignon, a bold, deep crimson wine. Bursting with aromas of blackberry, currant, and cassis, it offers roasted vanilla and spice notes on the palate, leading to a silky texture. Juicy bramble flavors mirror the enticing aromas, with a subtle hint of velvety oak prolonging the finish. Pair this luscious wine with smoked or roasted meats, sharp cheeses, and flavorful sauced dishes.

Vineyard

Nestled perfectly for exceptional viticulture, Brady Vineyard strikes a balance. It's inland enough to soak up daily warmth yet near the Pacific Ocean, benefiting from nightly cooling breezes. Vines thrive in rocky soils above the Estrella River, drawing scarce nutrients and water. These factors unite, nurturing fully-ripened grapes, perfect for crafting bold Paso Robles wines.

Winemaker's Notes

We harvest when vegetative flavors fade, avoiding shriveling. The fruit is crushed and ferments in stainless tanks using FX-10 a yeast strain known for enhancing Cabernet Sauvignon. After eight days, the wine is separated from the skins and pressed. Following settling, it matures in oak barrels for 18 months.
