Revolutionizing Display Technology

Forward Looking Statements

This presentation contains certain forward-looking information and statements about Ynvisible Interactive Inc. ("Ynvisible", the "Company", "we", or "our"). Such forward-looking information and statements are identified by the use of words and expressions such as "projected", "intended", "leads to", "provide" and "estimated" and similar words and expressions. Such forward-looking information includes but is not limited to, statements with respect to the development of products, sales growth and global expansion, the impact of the Company's products and services on customers and marketplaces, future financial or operating performance of the Company, the ability to capitalize on future opportunities and estimates regarding the size and scope of our target markets and their potential for growth. These forward-looking statements, and any assumptions upon which they are based, reflect our current judgment regarding the direction of our business and include, but are not limited to efficiently and successfully realizing operational efficiencies, developing new technologies, successfully identifying and capturing new customer opportunities and capitalizing on current customer opportunities and continuing to expand our sales channels. These forward-looking statements are not guarantees of future performance and are subject to a number of known and unknown risks and uncertainties, including, but not limited to, the failure to: execute our business plan efficiently, develop new

technologies, realize operational efficiencies, identify and capture new customer opportunities and capitalize on current customer opportunities and to continue to expand our sales channels; market conditions beyond our control which might impact our customers and/or our business; the ability to raise future capital to fund operations; and changes in the regulatory environment applicable to our business or our customers. The forward-looking information and statements in this presentation are expressly qualified by the above statements. The forward-looking information and statements in this presentation are based on estimates and opinions of the Company at the date the statements are made. Except as required by applicable law, the Company does not undertake any obligation to update forward-looking information or statements. Readers should not place undue reliance on forward-looking information or statements contained herein. Readers are cautioned that no director, officer, employee, agent, affiliate or representative of the Company is authorized or permitted to make any written or verbal representation or statement concerning the business or activities of the Company, except as set out in this presentation. The Company expressly disclaims any written or verbal statement in addition to or contrary to anything contained in this presentation and cautions readers that they are not entitled to rely on any written or verbal statement made by any person to the contrary.

Ynvisible Interactive Inc. (TSX-V: YNV)

Scaling the Lowest-Power Display Tech for the \$10B+ E-Paper Market

THE INVESTMENT THESIS

1 Strategic Customer & Partner Validation

Commercial validation through a high-volume LOI with Sapphiros (KKR-backed) and a strategic manufacturing & marketing partnership with CCL Industries.

2 The 2027 Inflection

Transitioning from industrial pilot phases (CAD\$3.5–5M in 2026) to mass-market execution, targeting CAD\$17–23M in 2027.

3 Strong Intellectual Property Position

A full-stack proprietary platform spanning functional inks, device architecture, software, and roll-to-roll and roll-to-sheet manufacturing of e-paper displays.

4 Environmental, Social and Governance Rating

Top-tier sustainable, green electronics — Zero-battery compatible tech.

PRIVATE PLACEMENT MAY 2026

TARGET RAISE

CAD\$1.5M

TERMS

15 million units @ CAD\$0,10 / unit
1 unit = 1 share + 1 warrant @ CAD\$0,14 strike (3 years)

PRIMARY USE OF FUNDS

Working capital and general corporate purposes, with a focus on Production Scale-Up & Global Sales Expansion

KEY MARKETS

Medical · Retail · Industrial · Supply Chain

We make **displays** that go everywhere

Ultra-low power, printed e-paper displays — customizable, cost-effective, deployable at scale.

10M+

Estimated volume of displays to be ordered in 26/27

4

revenue-generating industry verticals

CCL

strategic manufacturing partner
US\$11B market cap

Protected at every layer.

Ynvisible's competitive IP spans four proprietary layers — from the molecular chemistry of the inks to the software that drives displays in the field.

6 Granted patents
Worldwide coverage

Strong barrier to entry

- Years of R&D
- Know-how intensive tech

PATENTS

01 SOFTWARE

Display driving · Connection with RF protocols · OTA updates

TRADE SECRETS

02 MANUFACTURING PROCESSES

High volume, high precision printed electronics · QC protocols

PATENTS

03 DISPLAY DESIGN*

Device architecture · Electrode design · Encapsulation

PATENTS

04 MATERIALS*

Proprietary inks for electrochromic displays · Electrolyte formulations

*Exclusive license from RISE – Research Institutes of Sweden

The ramp is underway.

2nd year of product recurring revenue

Home Medical Diagnostics

US\$10M+/yr

Production ramp-up

Hygiene Indicators

10,000+ units delivered for initial market launch

Industrial IoT

100+ units delivered for testing
20K+ order expected 2026 for initial market launch

Innovative E-Paper solutions for the Automotive Industry

Confidential - In development

Dynamic Smart Labels for Consumer Goods

Prototyping
US\$10M+/year potential

Next generation products.

Concepts in development targeting retail, medical & pharma, and smart packaging markets.

Each enabled by durability and cost improvements on our current roadmap.

Electronic Shelf Labels

Self-powered price displays for retail

Retail Price Tags

Dynamic hang tags for apparel & fashion

Pharma Smart Labels

Dynamic expiration dates for clinical trials

Medical Smart Labels

Temperature alarm indicators for blood & biologics

Wearable Sensors

On-body display for wound monitoring & diagnostics

And more to come...

Built to scale.

Internal mass production

Proprietary roll-to-roll printed electronics facility in Norrköping, Sweden.

Roll-to-Roll printing and converting processes

Established Manufacturing in [Europe](#)

State-of-the-art facility with in-house R2R capabilities, with capacity to produce up to 50 million displays and other printed electronic components per year.

Global scale on demand.

Strategic partnership with CCL Industries — the world's largest label manufacturer — to deliver printed displays at commercial scale.

CCL Design and Ynvisible Announce Strategic Partnership to Deliver Scalable Printed Display Solutions

Posted on April 28, 2025

CCL Design, a global leader in specialty labels, printed electronics, and functional materials, is pleased to announce a strategic manufacturing and supply partnership with [Ynvisible Interactive Inc.](#) ("Ynvisible"), an innovator in ultra-low-power, printed e-paper display technology.

What this partnership delivers

HIGH-VOLUME MANUFACTURING

High-throughput R2R and R2S production for 10M+ unit orders

GLOBAL REACH

Manufacturing sites across the Americas, Europe & Asia

QUALITY ASSURANCE

ISO-certified processes

PROCUREMENT & SUPPLY CHAIN

End-to-end from substrate to finished display module

The people behind it.

Cross-functional leaders with deep expertise in materials science, printed electronics manufacturing & capital markets.

Ramin Heydarpour

CEO & Chairman

Ex Global VP R&D, Avery Dennison

Darren Urquhart

CFO

20+ yrs CPA & CFO for public companies

Inês Henriques

Director, Co-founder & Executive VP

Entrepreneur & Ph.D.

Carlos Pinheiro

Co-founder & CTO

Ph.D. & e-paper expert

Lucia Gomes

COO

15+ yrs project management & product development

Xu Dang

GM Sweden

20+ yrs printed electronics industry

Experienced Board.

Strong and diverse competencies spanning capital markets, global operations, and technology commercialization.

Ramin Heydarpour

CEO & Chairman

Ex Global VP R&D, Avery Dennison

Kamran Kian

Director

Ex Senior VP Global Operations, Supply Chain & Procurement, Avery Dennison.

Inês Henriques

Director, Co-founder & Executive VP

Entrepreneur & Ph.D.

Alexander Langer

Director

CEO and Director of several small cap companies. Extensive capital markets experience.

Alexander Helmel

Director

CEO and Director of several small cap companies. Extensive capital markets experience.

Michael Kott

Director

CEO and Founder of CM Equity; extensive global capital markets experience.

We have
the **products**
the **team**
the **manufacturing scale**
the **customers**
to revolutionize the display market!

Clean equity structure.
