Angel Funds Around The World

COREangels is shaping the next generation of angel investors: global, hands-on, and deeply rooted in local or thematic ecosystems. We empower angel leaders, professionalize and organize angel investing, and connect angels worldwide through curated deal flow, collaborative learning, and meaningful community experiences.

Our model

COREangels Community is diverse.
Each angel fund is unique and different.
Our community operates around one single model.

**An expanding global community
with a distinctive model.**

Portfolio

Angels invest in a common portfolio and make investment decisions as a group to ensure diversification.

Mentorship

Our angel investors actively mentor the founders of startups in the portfolio towards success.

Fund Leaders

Due diligence, valuations, pre-selections and reporting are done by professional leaders.

As a global community of investors, entrepreneurs, and industry experts, we work together to help startups grow and succeed. This can include providing access to mentorship, industry connections, and even potential customers.

Why Startups Choose Us

Global Reach

Expand your startup's horizons with international networking and market opportunities.

Mentorship

Access expert guidance for your startup's growth and strategic decision-making.

Smart Money

Receive not only funding but also valuable industry insights and connections.

Trust

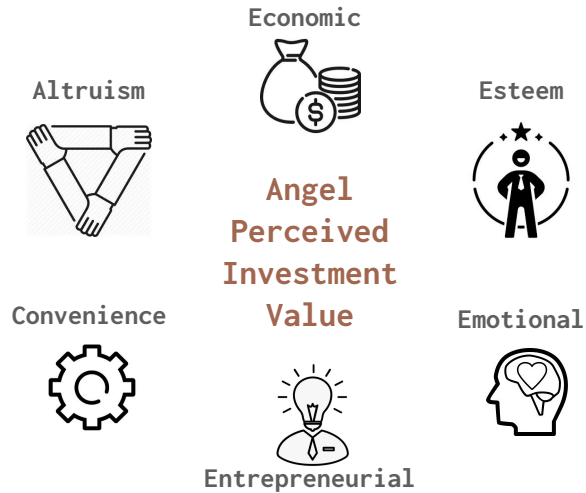

Partner with a reputable angel investor community committed to your success.

Why Angel Investors
Choose Us

Angel needs

Real angel experience

Our leaders source great early-stage startups for the investment committees of your fund where the startups pitch and you choose by voting as a group. Mentoring founders can be a surprising journey full of learnings. COREangels model gives you voting rights to drive the strategic decisions of your fund.

Risk-managed portfolio

Every angel in our funds has made money. By diversifying the portfolio of each fund, we have made sure that none of our angels lose money. You will be able to join an angel fund of your choice at anytime since our model guarantees fairness to all members.

Global investment opportunities

By investing in one of our funds, you become a member of COREangels. This membership gives you access to co-investment opportunities with other COREangels funds. COREangels has monthly training sessions about startups investments and community events for all members.

Why Angels Choose Us

The Founders & Management Team

COREANGELS funds are supported by a full time team of seasoned angel investors and professionals dedicated to creating the best experience for our community.
