

# ChandlerVerify

A fully-featured KYC, AML/CTF and identity verification solution, out of the box.

Designed for **easy** and **rapid implementation** in as quick as 10 business days, the ChandlerVerify KYC product suite is available from as little as \$6,700.

## Real-Time Verification

With Chandler Verify, you can confirm an individual's name, address, date of birth and identity documents against independent and reliable data sources, online in real time.

## Pre-built UI and API

Integrate quickly with an out of the box responsive javascript UI that can be deployed with 3 lines of code. Or - utilise our RESTful APIs to integrate into your existing backend systems.

## Administration Dashboard

Our powerful administration dashboard provides rich functionality and insights on user activity including history, audit trail, alerts and activity reporting. You can also provide your operations and customer service teams the capability to perform, secure, independent KYC checks.

## Pricing starting from\*
