

# BMAC IMPACT REPORT

APRIL 1, 2021 - MARCH 31, 2022

Dear BMAC Friends and Neighbors,

It's been said that the only constant in life is change. BMAC understands that our work is no exception as we strive to build and strengthen communities together, where people can thrive.

The past few years have brought unprecedented challenges. Neighbors across Walla Walla, Columbia, and Garfield Counties have found themselves in unthinkable situations, losing their jobs, homes, health insurance, and ability to provide their families with basic necessities, including food.

Yet these times have also brought innovations in BMAC's work and partnerships. Our team remains steadfast in its commitment to reduce barriers to support and services. Our Rent and Energy Assistance programs have merged to ensure we can help people stabilize in their own homes, preventing loss of housing. Alongside our partners, we are also making important strides to quickly address and fully understand the scope of youth and young adult homelessness in our area.

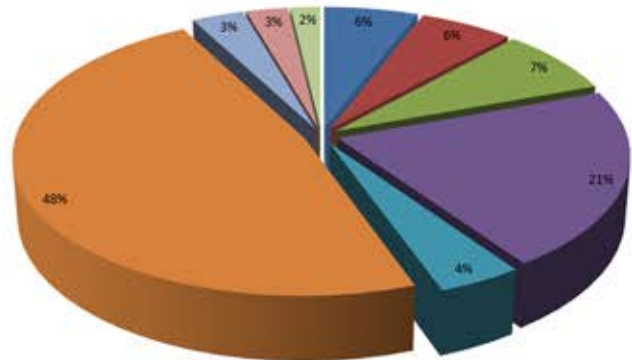

BMAC appreciates the support of so many friends, neighbors, and partners who help us serve people in need right now. If you have yet to join us, we welcome those who want to get involved to check out the many opportunities to volunteer with and support BMAC programs.

We are grateful to all of you for your trust, for sharing your stories of resilience, and for believing in the work BMAC does in our communities.

Cate Daniels  
President and CEO

Amie M. Peterson  
Board President

## Expenditures \$16,115,519

- Home Repair
- Energy Assistance
- BMAC Properties
