

DTO MTO 1050

Motorcycle Motor Oil (4 Stroke)

No.501050

DTO MTO 1050 is a synthetic engine oil for air- and water-cooled four-stroke motorcycles. For use in engine, transmission and wet coupling systems. High performance, with excellent wear protection for long oil change intervals.

Typical Values			Advantages
Density at 15°C	g/ml	0,865	- high temperature stability
CCS at -25 °C	cP	6950	- low friction losses
Pourpoint	°C	<-30	- very high wear protection
Viscosity at 40 °C	mm ² /s	125	- super oxidation stability
Viscosity at 100 °C	mm ² /s	18	- premium engine cleanliness
Viscosity Index		180	- long oil changing intervals
Base Number	mgKOH/g	7,5	

Specification

SAE 10W-50
API SN
JASO MA-2 (2011)
