

Steering Special

Power Steering- and Central Hydraulic Fluid No. 300003 (GREEN)

STEERING SPECIAL is a fully synthetic PAO oil for central hydraulics (CHF) and power steering. The special range of application in many vehicle types is guaranteed by PAO base oils.

Typical Values			Advantages
Color	green		- high-wear protection - very low friction losses - optimum system cleanliness - long oil changing intervals - improved fuel efficiency
Density at 15°C	g/ml	0,833	
Pourpoint	°C	<-60	
Viscosity at 40 °C	mm²/s	29	
Viscosity at 100 °C	mm²/s	6,5	
Viscosity Index		188
