

Servo Steering

Power Steering- and Central Hydraulic Fluid No. 320003 (GREEN)

Servo Steering is fully synthetic fluid for central hydraulic and power steering. For use in hydraulic systems where Pentosin fluids were required at the time. Particularly suitable for power steering, convertible top operations and shock absorbers.

Typical Values			Advantages
Color	green		- high-wear protection
Density at 15°C	g/ml	0,833	- very low friction losses
Pourpoint	°C	<-60	- optimum system cleanliness
Viscosity at 40 °C	mm²/s	29	- long oil changing intervals
Viscosity at 100 °C	mm²/s	6,5	- improved fuel efficiency
Viscosity Index		188
