What Richard's Clients Say...

Ian & Sue

We've known Richard as our pensions advisor for about 9 years now. He's always been very approachable, accessible and responsive. We like the fact that he takes an interest in us as people and find him easy to relate to. As former commercial bankers, we've known a lot of financial advisors. Richard's advice stands out as honest and well thought through and he has always been very considerate of our risk appetite.

Stephen Chadwick

I met Richard Gartland socially in 2010, and in conversation, he informed me that he was involved in the management of personal pensions. As I was currently unsure of the financial stability of my ex-Employer's scheme at the time, I asked him what the possible options were, and following this, decided to move my pension to a QROPS scheme.

Since this was completed, Richard has been actively managing my pension. I have found his advice regarding possible funds to invest in to be knowledgeable and honestly given, and he has always responded promptly to both email and phone enquiries. Richard has always acted in a professional manner, and I have no hesitation in recommending him to anyone seeking pension investment advice.

Peter and Deirdre Kirby

In April 2014, I was introduced to Richard Gartland who became our financial adviser. It has been an enjoyable journey.

Richard we found had the experience to assist with financial planning. He possesses a deep understanding in financial planing and investments.

We enjoyed working with Richard as he has an open honest disposition which suited us well as an investor. He is a man of good character and is dedicated to his work.

Richard has the ability to work alongside one to create a financial plan that ensures the long term viability of the investments, which in turn ensures the preservation of one's lifestyle.

We exist to educate and guide you through the important decisions required today, to ensure benefit from the freedom of tomorrow.
