

# Willa Nordic

Unique houses with feeling and sense

# About Willa Nordic

Since its inception in 1989, Willa Nordic has built close to 4,000 unique houses. We are a Småland house manufacturer that carries on the traditions, but constantly develops and improves our process. We are driven by giving our customers uniquely designed houses, with finish and quality down to the smallest detail. We are quality certified according to ISO 9001, have the highest credit rating and the industry's clear highest rating in customer satisfaction.

Together, we wish to realize your house dream next to lake Krön at beautiful Wennebjörke Gård!

# We offer you

- The best of both worlds
- Architect-designed houses in wooden construction, tailored to your wishes
- Own well-qualified architects
- Unique flexibility in design, material selection and construction
- Fixed price for the house's material delivery
- Quality assured and safe construction process
- A project manager throughout the process
- Great attention to finish and quality in every detail
