

SPECIFIC GRAVITY

Brand : CST

Model : SG-20-SL

Standard : ASTM D6026, C127, D653, D3740, D4753, D4992, D18, D18.17

Designed for easy to operate, reliable and stable. made from Stainless steel. Used to determine the specific gravity of Asphalt, Concrete and Gravel weight in water.

■ Specification

Main body frame	
Overall dimension	475 x 525 x 1150 mm.
Digital top pan balance	20 Kg. / 0.1 g.
Density tank type	steel
Density tank dimension	370 x 370 x 355 mm.
Anchor point	- Suspension hook - Powered by sling
Weight appox	50 Kg.

Basket	
Basket type	Stainless steel
Basket dimension	Ø 200 mm. / Heigh 200 mm.
Mesh size	3.35 mm.
