First peal for the Society: 2.
Rung to mark the 100th anniversary of the first peal by the Society on these bells, which where then hung at St James, Bermondsey. It had been planned to ring the same method and composition as that ten bell peal, but sadly it had to be reduced to major owing to the indisposition of one of the band. The band would like to associate with this peal Nick Cheesman, Robin Clarke and Pauline Smith, who had either been included in the original band, or helped in our preparations.

Rung to celebrate the 800th anniversary of Cambridge University.In 1636 Harvard College was founded to train ministers and the new town was chosen for its site by Thomas Dudley. In May 1638 the town was named Cambridge in honor of the university in Cambridge, England. The first president (Henry Dunster), the first benefactor (John Harvard), and the first schoolmaster (Nathaniel Eaton) of Harvard were all Cambridge University alumni, as was the then ruling (and first) governor of the Massachusetts Bay Colony, John Winthrop. In 1629, Winthrop had led the signing of the founding document of the city of Boston, which was known as the Cambridge Agreement, after the university.
Rung in Music Room G11 to the sound of Scott Joplin practice from the adjacent room, and on the front six of an octave following clapper malfunction.
