AGENDA

1 Why is this skill important?

2 How to master the skill

3 Sum-up and Impact

4 How to apply into practice

WHY IS THIS SKILL IMPORTANT?

Learning goals for this manager session

LEARNING GOALS

Learn the fundamental principles of your store P&L, and how to analyse, optimize and **drive financial performance within your store**, including presentation of store performance review.

CIRCLE OF OPERATIONAL EXCELLENCE

Operational Requirements
The store foundation

Employee Engagement
How we lead

Guest Experience
How we interact

Store Performance
How we succeed

How does mastering these skills affect each area within *the Circle of Operational Excellence* in your store?

AGENDA

1   Why is this skill important?

How to master the skill
- **Principles of your Store P/L**
- **Drivers – Leading & Lagging KPIs**
- **Weekly and Monthly Operational Review**
- **Opportunity and Smart Actions**

2

3   Sum-up and Impact
4   How to apply into practice

WHY DOES JOE & THE JUICE EXIST AS A BUSINESS?

3.

Take two Post-its and write one reply on each

EXERCISE

Divide Post-its into Financial and Non-financial - have a discussion on the outcome and the purpose of a business

Financial

Non-financial

A **Profit and Loss Statement (P&L)** shows how much money a business makes, spends, and keeps as profit over a set time (like a month or year).

It's a clear snapshot of whether the company is making or losing money.

This helps managers understand where money is going and what's driving profits or losses.

It's a key tool for tracking success and planning better decisions.

STORE PERFORMANCE

Focus on Drivers and Leading indicators - and the Lagging indicators will follow

Drivers

Activities or factors that influence or cause the results reflected in your indicators.

"The do's"

Example

Training
Feedback

Leading indicators (KPI)

Predict future performance. They give **early signs** about whether you're on track to achieve goals

"The signs"

Tapout
Transactions
Extra topping
Successful QR codes

Lagging indicators (KPI)

Metrics that show the **outcomes of past performance**. They tell you how well you've performed.

"Too late – to do"

Additional info

The store is currently facing a period of reduced foot traffic, resulting in a lower volume of in-store activity. While the staff has been able to manage the current demand effectively, the store is not meeting its target salary percentage, indicating inefficiencies in labour cost relative to revenue.

Operational Disruption:

A critical machine—the centrifuge—experienced a breakdown, halting production for an entire day. While a replacement unit was promptly ordered and delivered the following day, the incident caused a temporary but significant disruption in output.

Employee Engagement:

The store is also experiencing low employee engagement. The prevailing mindset among the staff is transactional, with many treating their roles as clock-in, clock-out jobs. This lack of motivation and ownership may be contributing to underperformance in other key areas.

Additional info

The store recently onboarded a significant number of new juicers, which has led to a decrease in overall team seniority. While this influx of new hires brings fresh energy, it also presents challenges in terms of experience and operational efficiency.

As the store prepares for the upcoming high season, the District Manager (DM) has proactively taken steps to ensure readiness. This includes the procurement of additional equipment and the engagement of external cleaning services, both of which were implemented last month to enhance the store's presentation and functionality.

Additional info

Over the past month, the store has experienced a sustained increase in customer activity due to a series of weekend events. These events have significantly boosted foot traffic and contributed to higher revenue levels.

Following the success of the events, several concerts are scheduled over the coming weekends, which are expected to continue driving increased customer flow. This aligns with the onset of the high season, during which consumer demand naturally rises.

Because of this the store and staff is not 100% ready for the following month.

STEP 3 – BUILD SMART ACTIONS

MORS – MONTHLY OPERATIONAL REVIEW STRUCTURE

1	FILL-OUT	**STM** - Pre-pare your template by filling out with data
2	ANALYZE	**STM** - Look for gaps, trends, opportunities - carefully consider line by line in template, but also your own general observations
3	BUILD SMART ACTIONS	**STM** - Create Smart "5W ONE-LINER" actions
4	MEET & AGREE	**STM & DM** - Meet and agree on actions
5	EXECUTE	**STM** - Plan detailed to-dos and execute - including delegation to **ASTM**

WORS – WEEKLY OPERATIONAL REVIEW STRUCTURE

MAKE YOUR ACTIONS SMART BY USING THE FIVE W'S

YOUR MANAGER WANTS TO KNOW AND YOUR TEAM WANTS TO KNOW TO FEEL "COMFORTABLE" TO SAY YES

WHY?
Why is this Action important?
Ex. My analysis of ... shows, the gap vs. target/process, an opportunity...

WHAT?
What are the deliverables of the Action?
Ex. Training, Employee dev. talks, DOC report, Fewer on Shift...

WHO?
Who is responsible and involved in the Action?
Ex. Delegate to Liz, train Ben, talk with Zoe, put Lin on morning shift...

WHERE?
Where will the Action be implemented?
Ex. Your Bar, Zoes bar, Liz and Bens bar, customer area, coffee supplier...

WHEN?
When will the action be done?
Ex. Starting Thursday 9.00 and finishing 12.00, Ben on Thursday 12.15...

EXERCISE

IN GROUPS OF TWO

1

➢ You have now hosted your MORS last week with your DM and have agreed on that your proposed focus areas are relevant.

➢ You are now preparing your WORS for the following week and working on the focus area you were just allocated.
Now make a Smart Action for that week to address your action area from the MORS

(you can make assumptions for the missing data)

➢ Use Five W's to build your action from before into a

🏋️ SMART ACTION EXAMPLES (WORS)

CASE #1
TAKE ACTION NOW

Extra topping and QR codes – gap vs. target potential to increase Ticket size and off-set drop in transactions

WORS SMART ACTION
To start closing the gap on Ticket size and increase it from 78 to 83 this week, Yellow Employee Development Talks focussing on Extra Toppings will be held by myself with all Juicers during my BTC shifts

Employee Engagement – gap vs. target. Engaged team necessary to lift Revenue.

WORS SMART ACTION
To increase the Employee Engagement Driver Goal setting and Strategy as well as supporting an increased focus on increasing ticket size, I have planned a team meeting in the bar on Thursday 18.00. Here I will present the current commercial initiative, goals and the extratopping competition.

CASE #2
TAKE ACTION NOW

RiskProof monitor score – risk for operation!!!

WORS SMART ACTION
To bring RP monitor score to 100% this week, I will today in in the Juicerapp stress the importance. Further ASTM and myself will delegate the tasks manually for the coming week and praise progress in Juicerapp daily

Salary% and COGS% – optimize efficiency to close gaps on Productivity and waste to lower Salary and COGS cost

WORS SMART ACTION
To start lowering Salary% and COGS cost
1) I have scheduled a meeting on Friday 12.00 with Operational planner and my DM to get high level input for how we can optimize shift plans, according to the current state of the stores with new employees.
2) I will host a meeting on Wednesday 10.00 with my SMs to include them in the remaining onboarding and training plans that needs to be executed for new hires with key focus points on product quality.

CASE #3
TAKE ACTION NOW

RiskProof monitor score – risk for operation!!!

WORS SMART ACTION
To start improving RP monitor score next week, I have scheduled Care night for the whole team on Thursday to address current hygiene of the bar

Salary% – invest to keep up with future demand

WORS SMART ACTION
To keep up with future demand I will, when doing Shiftplanning Monday afternoon, add 1 Lermo shift pr day from 9-15
