Auditor Steinke shared that Jerod from Moore Engineering is on vacation but did send an update. All the plans and specs for the next phase of work have been completed and sent to the USDA. The Millionaire/Montana/Wyoming blocks were scoped out the previous week by HA Thompson. Most sewers were clear though a couple did show clay pipes. All the curb stops were marked out for the home owners and they were told to expect work to be in a 5' radius of the curb stops. Some were in bad spots that will likely be change. The contractor will work with the City and Moore on those locations.

The Landfill will open the weekend of April 12<sup>th</sup>. Spring Clean-up Week will be the April 26 – May 4<sup>th</sup> with the City Council doing their Annual Tour of the City prior to the May 12<sup>th</sup> meeting.

Superintendent reported that the Mott Motel's Curb Stop and plumbing issues have been resolved. The guys started getting ready to work on the streets and discovered the big air compressor was leaking so they are working on that. One lift station swing arm valve is down.
