HYDROGUARD™ DRINKING WATER & RO SYSTEMS

COMPACT SOLUTIONS FOR SAFER, BETTER-TASTING WATER

HydroGuard's under-counter and countertop filtration systems are engineered to target contaminants right at the tap—delivering high-quality drinking water where it matters most. Designed for performance, convenience, and peace of mind, these compact units are ideal for homes, offices, and commercial settings. From chlorine and lead to PFAS and unpleasant taste or odor, HydroGuard filters help protect your water—and your health.

WHY CHOOSE HYDROGUARD™?

Effective Contaminant Reduction

- ▶ Reduces chlorine, lead, PFAS, and more (depending on filter selection)
- ▶ Addresses both aesthetic and health-related concerns

Flexible System Types

- ▶ Under-counter systems with 1–4 filter stages
- ▶ Countertop systems for easy, tool-free installation
- ▶ Options available with Microban®, UF, ceramic, and alkaline filters

Compact & Easy to Maintain

- ▶ Sleek, space-saving design
- ▶ Easy cartridge replacement
- ▶ Optional lead-free designer faucets available (RO systems)

PRODUCT OPTIONS

Under-Counter Filtration (U-Series)

- ▶ U1000 to U4000 systems (1–4 stages)
- ▶ Filter options: Microban® carbon block, ultrafiltration (UF), ceramic, and alkaline

Countertop Filtration (C-Series)

- ▶ C1000 and C2000 systems (1–2 stages)
- ▶ Available in black or white finishes
- ▶ Tool-free setup and no permanent installation required

Reverse Osmosis (45-Series)

- ▶ 4-stage RO systems with 50 GPD membrane
- ▶ Includes tank, designer faucet, and integrated leak detection (FlowLok™)
- ▶ Shok Blok™ system protection valve guards against water pressure spikes

In-Line Filtration (IC/IS-Series)

- ▶ Available in multiple lengths and connection types (FNPT, quick connect)
- ▶ Reduces sediment, chlorine taste, and odor using NSF-listed coconut shell carbon
- ▶ Ideal for refrigerators, ice makers, RO systems, and water dispensers

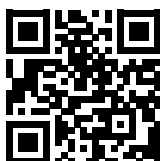

RV Filtration (RV-Series)

- ▶ Premium-grade KDF and carbon filtration for versatile use
- ▶ Reduces bad taste, odor, sediment, and chlorine while controlling bacteria
- ▶ Connects easily to any garden hose for RV, marine, garden, and pool applications

Shower Filtration (Aqualux-Series)

- ▶ 5-stage filtration reduces chlorine and balances pH for healthier skin and hair
- ▶ Utilizes coconut shell carbon, KDF, sediment filtration, and bioceramic media
- ▶ Available in white or chrome finishes
