HYDROGUARD™ FILTER HOUSINGS & CARTRIDGES

RELIABLE FILTRATION FOR CLEANER, BETTER WATER

Deliver cleaner, better-tasting water to every tap with HydroGuard's proven line of whole-house filter housings and cartridges. Whether you're protecting a single household or a commercial facility, HydroGuard systems are designed to reduce sediment, chlorine, and unpleasant taste and odor, while extending the life of plumbing and appliances. From rugged housings to a wide selection of NSF-certified replacement cartridges, HydroGuard products are built for performance, reliability, and ease of use.

BUILT TO PROTECT WHAT MATTERS

- ▶ Improves water clarity, taste, and odor
- ▶ Reduces sediment, rust, dirt, and chlorine
- ▶ Protects appliances and plumbing from buildup and scale
- ▶ Supports high-flow residential and commercial applications

PERFORMANCE YOU CAN TRUST

HydroGuard products are certified to NSF/ANSI Standards 42, 61, and 372 for material safety and structural integrity. With a wide range of cartridge types and micron ratings, you can configure a system that meets your exact water quality goals—residential or commercial.

FLEXIBLE FILTER OPTIONS

HydroGuard housings and cartridges can be tailored to your specific needs:

FILTER HOUSINGS

- ▶ Slim H3 Series (2.5") – Ideal for under-sink and light-duty use
- ▶ H45 Series (4.5") – Durable, high-capacity housings for larger systems
- ▶ KS Series – Pre-assembled multi-stage systems with 10" or 20" housings

CARTRIDGES AVAILABLE

- ▶ Carbon block and GAC filters
- ▶ Sediment depth and grooved filters
- ▶ Phosphate filters for scale prevention
- ▶ Pleated polyester and string wound cartridges
- ▶ NSF-certified components across the line
