MANUEL COLLAS DE LA ROCHE

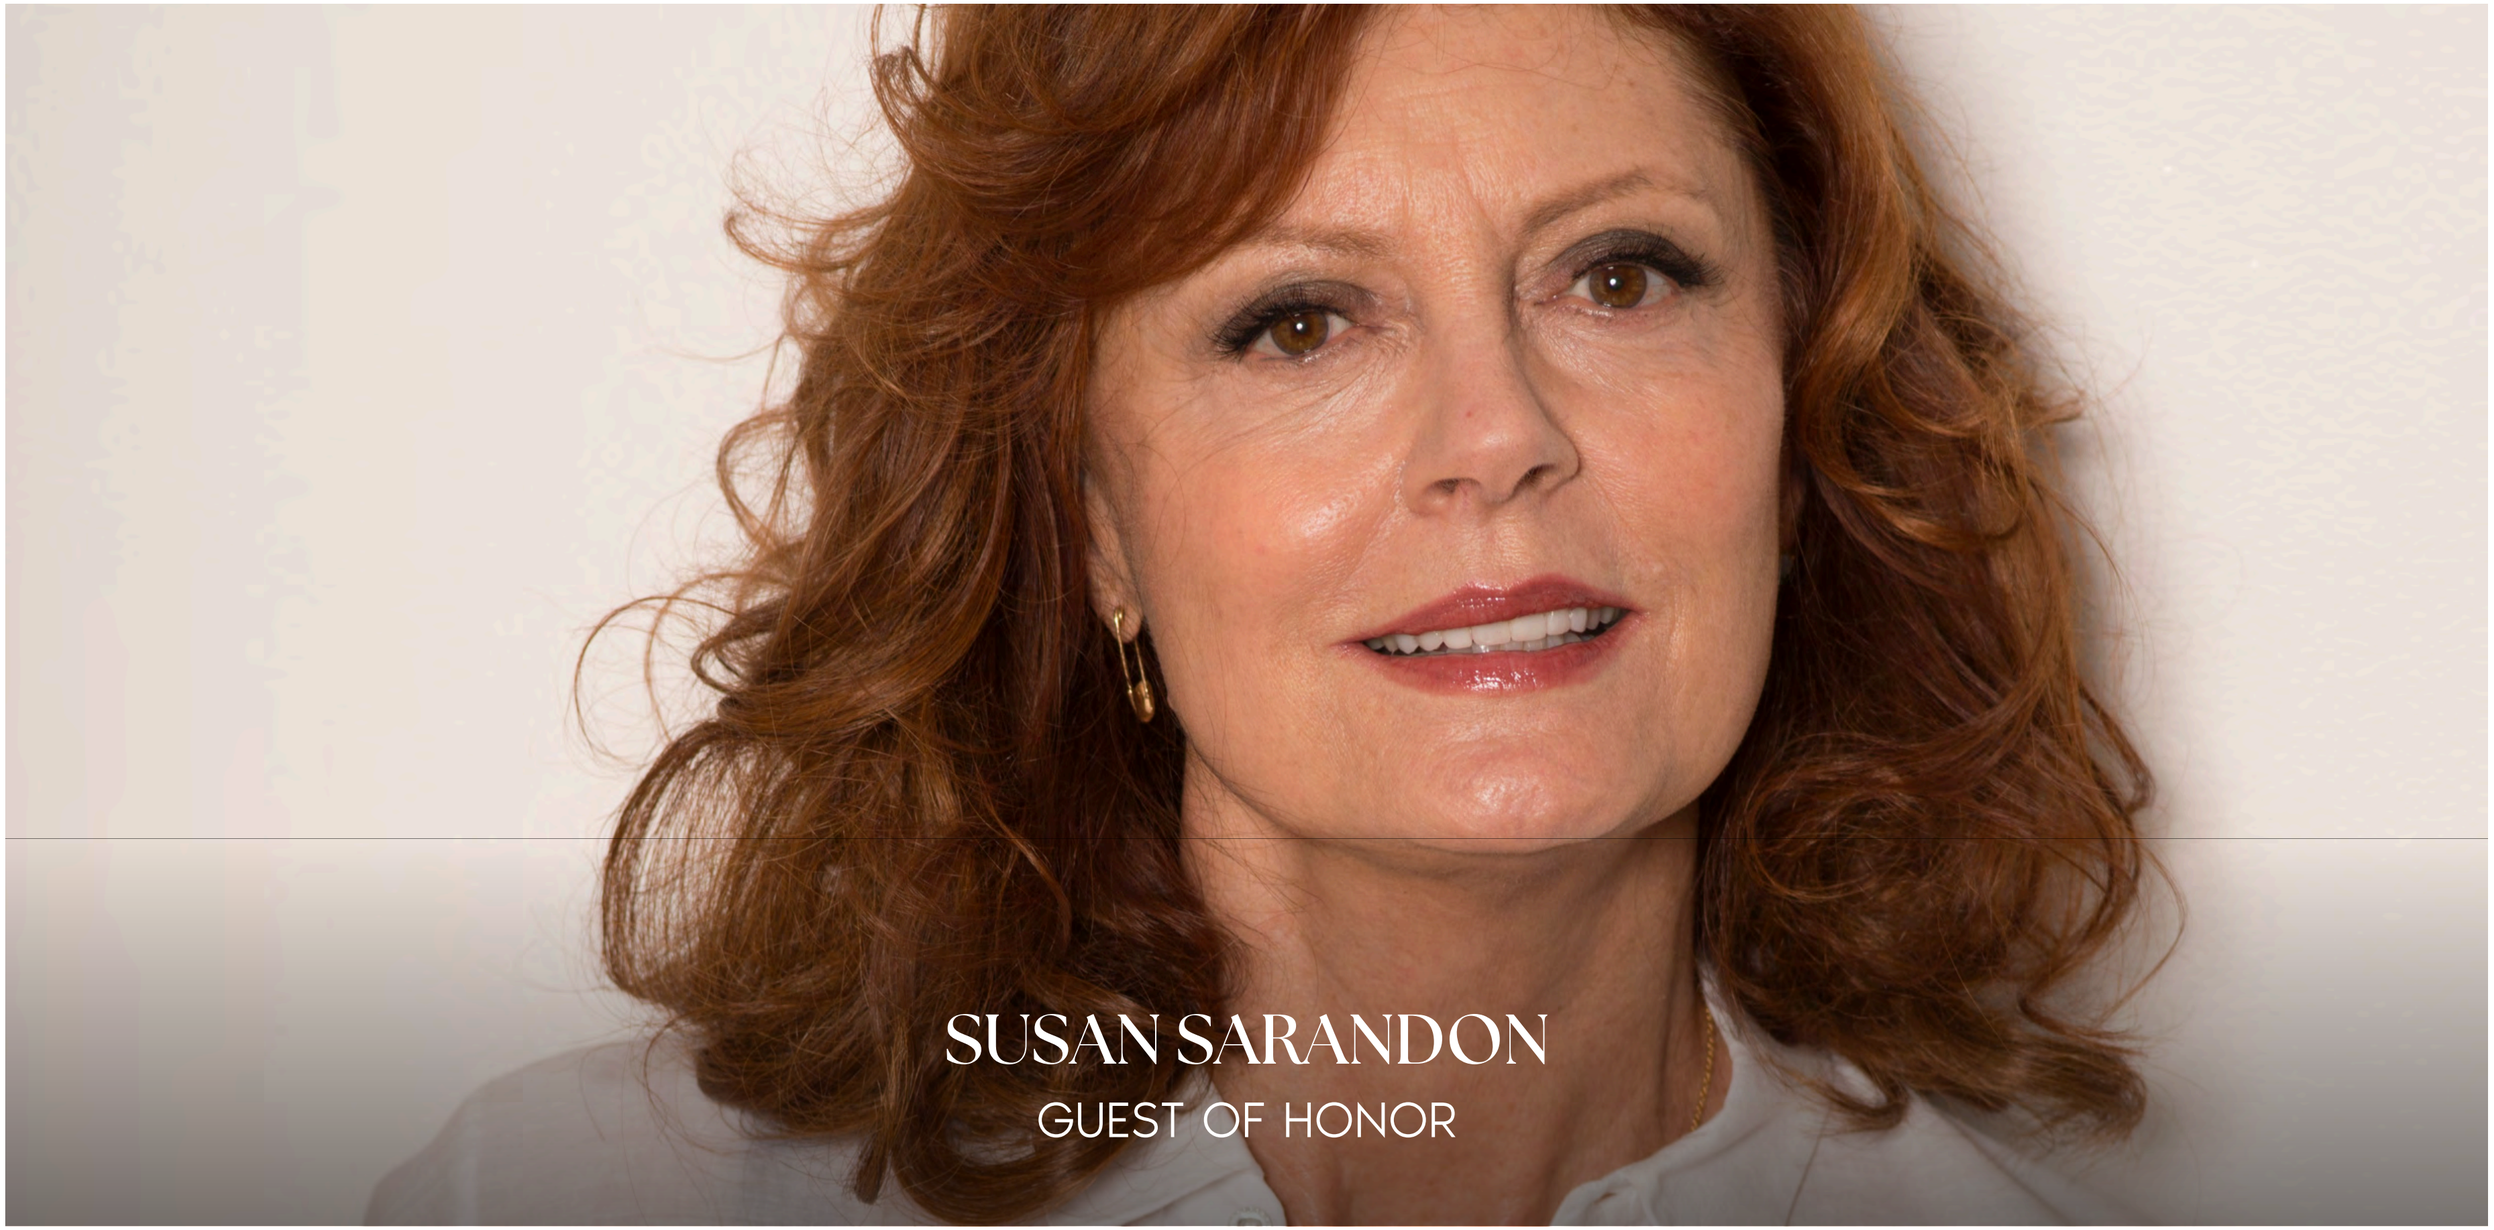

PRESIDENT & FOUNDER OF BETTER WORLD FUND

The better world to which we all aspire is within our reach. Deeply humanitarian, I am convinced that together we can move mountains by providing concrete solutions to tomorrow's challenges.
In 2016, driven by the desire to take part in this movement of awareness, I launched the Better World Fund.

YES, THERE IS HOPE.

Everywhere in the world, women and men are creating, innovating, and taking action for climate change, social inequalities, culture, and education. The Better World Fund’s ambition is to highlight and financially support these actions that give hope.

The power of film seemed to me an obvious way to raise awareness and inspire global world citizens to act for the future of our planet.

CINEMATIC ART AT THE SERVICE OF HUMANITY

Today, art plays a statutory role as a vehicle for social, educational and environmental values. Raising awareness is an essential pillar of this art, as is the need to offer greater visibility to artists committed to causes, driven by the desire to have a positive impact on the world.

In this respect, since 2016, through tangible actions, prestigious international events and inspiring cultural programmes, we have brought together celebrities, filmmakers and leaders from around the world, driven by the desire to positively influence the future of our society.
