Summary: I am a UX/UI designer proficient in the use of Figma, HTML/CSS, and Webflow. I have a diverse set of experiences, from the team-driven world of the Army to the classical art's education, that make me well-rounded for any challenge. I also have a strong interest in Front End web development and seeing a project grow through to completion.

Skills:

- Low and High Fidelity prototyping
- Wireframing
- Storyboarding and Paper Prototypes
- Rapid Iteration
- HTML, CSS, and Javascript Experience
- Usability Testing
- User Interviews
- Accessibility and usability guidelines
- Conversational in Esperanto

Tools:

- Figma
- Webflow
- Shared digital workspaces (Notion, Miro, Microsoft Teams)
- Google Drive tools

Education:

Thinkful - User

- Experience/User Interface Immersion Course (Completed February 2021)
- Completed team and solo projects under the tutelage of experienced industry professionals
- Conducted in-person, phone, and Zoom interviews
