[LinkedIn](#) [Portfolio](#)

Summary: Front-End Developer with UX/UI and Accessibility Expertise. Versatile web developer with experience in HTML, CSS, JavaScript, MySQL, and Figma. Proven success working cross-functionally with design and engineering teams to faithfully implement human-centered designs, meet accessibility standards (Section 508), and support organizational UX maturity through presentations and written guidance. Background in the Army and classical arts informs my adaptive, resourceful, and growth-oriented approach.

Skills:

Front-End Development

- HTML, CSS, JavaScript
- React, Svelte
- Node.js
- MySQL

UX/UI Design & Research

- Wireframing & Storyboarding
- Low- and High-Fidelity Prototyping
- Usability Testing & User Interviews
- Rapid Iteration (Lean UX, Agile)

Accessibility & Standards

- Section 508 Compliance
- WCAG 2.1 Guidelines
- Accessibility & Usability Best Practices

Other

- Professional working proficiency in Esperanto

Education:

Thinkful - UX/UI Immersion Course (Completed February 2021)

- Completed team and solo projects under the tutelage of experienced industry professionals
- Conducted in-person, phone, and Zoom interviews

Virginia Commonwealth

University - Bachelor of Arts in Music (Completed December 2012)

- Jesús Silva Merit Scholarship Fund Recipient
- Magna cum laude graduate

Experience:

NGS/Elevance Health - UX Front-End Developer (September 2021-July 2025)

- Embedded with cross-functional product teams to implement front-end code aligned with human-centered design standards
- Ensured Section 508 accessibility compliance through testing and remediation
- Acted as a liaison between the HCD team and project developers to improve design fidelity
- Authored and presented internal HCD learning materials to promote UX principles across the organization
- Quickly adopted tools and frameworks used by varied teams, enabling seamless integration and collaboration

Jasper - UX Intern (June-July 2021)

- Conducted competitive analysis and stakeholder interviews
- Designed and refined onboarding forms for patients and clients
- Created and launched user surveys to gather experience insights

East End Orthodontics - Office Coordinator (September 2014-August 2020)

- Balanced and updated computer accounting records and physical petty cash, including receipt documentation and expense tracking
- Produced professional and error-free letters, presentations and spreadsheets
- Adhered to data confidentiality practices, coordinated meetings and balanced demands through strong multitasking and task prioritization skills

Army National Guard - Infantry (Lexington, VA, March 2006-March 2012)

- Accountable for high-value equipment with zero losses during active service
- Authored daily activity, incident, safety, repair and irregularity reports including equipment and property damage, theft, unauthorized presence or unusual occurrences.
- Operated in high-pressure environments requiring focus, discipline, and reliability
