HR Leadership Summit 2026 is a go-to event for senior HR leaders who value learning from peers and real leadership experiences. It brings together seasoned HR professionals for honest conversations, shared lessons, and practical ways to lead through change. Sessions are built around discussion rather than presentations, so the most powerful insights often come from the people in the room rather than the stage.

Gartner HR Symposium/Xpo 2026 brings together CHROs and senior HR leaders for three days of deep discussion on the future of work, HR technology, and leadership effectiveness. Attendees explore how emerging trends, data-driven insights, and practical frameworks are reshaping people strategies at scale. Beyond the event, participants gain access to Gartner’s research-backed guidance and a global network of HR leaders, supporting smarter decisions long after the symposium ends.
