

Amir Cahanovitc Collection

- Is the map drawn to scale?
- Can you identify two or three locations on the map?
- Is the map oriented to the north, south, east, or west?
- What does this map teach you about Jerusalem?
- What was the goal of the cartographer, and what might his bias be?

This image shows a full page of handwriting practice paper. It features multiple sets of three horizontal dashed lines, each set providing a guide for letter height and placement. The lines are evenly spaced across the entire page, leaving ample room for practicing various writing styles and sizes. There are no margins, text, or other markings present.

Modern Map of Jerusalem, 1874

- Is the map oriented to the north, south, east, or west?
- What does this map teach you about Jerusalem?
- What was the goal of the cartographer, and what might his bias be?

This image shows a full page of a handwriting practice worksheet. It consists of multiple sets of three horizontal dashed lines, evenly spaced across the entire page. These lines are designed to help children learn letter formation and alignment by providing a guide for the height and placement of their writing. The background is plain white, and there are no other markings or text present.
