

Bilingual Summer Camp

华盛顿国际学校 快乐双语暑期班

Introduction (简介)

Monday through Friday, weekly and daily options

1). School age students (ages 6 – 9):

Lessons are Chinese language and culture related. All levels are welcome! In addition to Chinese reading and writing, children will have fun everyday with our exciting activities such as stories, arts and crafts, games, music, songs, and parties. Our goal is not just learning Chinese, but to make learning Chinese enjoyable! Math lessons are also provided daily.

- ❖ Only **full-day** summer camp is offered to this age group. Half-day option is not available.
- ❖ **Music and Art** lessons taught by specialty teachers are offered at additional \$27/week each.

2). Preschoolers (ages 2 - 5):

Children at this age are especially gifted with sensitive hearing and the ability to imitate, making it the ideal time to pick up a language! This fun program is filled with songs, stories, games, play, friends, and lots of laughter. Performing arts and crafts are integrated into daily activities. **Full-day** summer camp provides a Chinese-English bilingual environment – children will naturally absorb both languages and impress you with their amazing language skills! This program also lays a strong academic foundation to prepare older students for kindergarten. Math lessons are provided daily. **Morning** summer camp focuses on Chinese immersion—since it's a shorter time frame, no English or math lessons will be taught. Whether attending the full-day or half-day summer camp, there is no need for a prior Chinese language background. Teachers will assist with any necessary translations to help newer children understand the lessons.

- ❖ Both **full-day** and **half-day** options are available.
- ❖ **Music, Art, and Tumble Bus** taught by specialty teachers are for full-day camp only. Each is additional \$27/week.
- ❖ Since it takes longer for younger children to overcome separation anxiety, the minimum attendance is 4 consecutive weeks for children of age 2.
