

Growing in Prayer Worksheet

Of the methods of prayer mentioned above, which have you tried in the past?

Of the ones you tried, which brought you closest to God?

If you had to guess, what about that prayer drew you closer to Him?

Of the prayers you're doing now, are there any that might need to be tweaked or replaced? If so, which type(s) of prayer could use some kind of change?

Based on your above reflections, what's something new you'd like to try in prayer, whether a twist on a current method of prayer, dusting off an old method, or perhaps trying something you haven't yet?

Go ahead. Try it. He may be waiting for you there. And if not, try something else.
