SPEAKERS AND COMMUNICATIONS (I)

- Mayor Mercurio made the following proclamation for 2025 Red Ribbon Week:
WHEREAS, Alcohol and other drug abuse in this nation has reached epidemic stages; and
WHEREAS, It is imperative that visible, unified prevention education efforts by community members be launched to eliminate the demand for drugs; and
WHEREAS, The National Family Partnership is sponsoring the National Red Ribbon Campaign® offering citizens the opportunity to demonstrate their commitment to drug-free lifestyles (no use of illegal drugs, no illegal use of legal drugs); and
WHEREAS, The National Red Ribbon Campaign® will be celebrated in every community in America during “Red Ribbon Week®”, October 23-31; and
WHEREAS, Business, government, parents, law enforcement, media, medical, religious institutions, schools, senior citizens, service organizations and youth will demonstrate their commitment to healthy, drug-free lifestyles by wearing and displaying Red Ribbons during this week long campaign; and
WHEREAS, The Village of East Aurora further commits its resources to ensure the success of the Red Ribbon Campaign®;
NOW THEREFORE BE IT RESOLVED,
that the Village of East Aurora does hereby proclaim October 23-31, 2025, as RED RIBBON WEEK® and encourages its citizens to participate in drug prevention education activities, making a visible statement that we are strongly committed to a drug - free state.

- Mayor Mercurio reviewed the recent meeting with NYSEG about trimming trees in the Village.
- Clerk-Treasurer Jerackas reviewed the information about the change to garbage service to the waste management service.
- **Historic Updates-** Mary Ann Colopy said that a building being considered historic is when it is 50 years old, vs a landmark, which is designated when a significant person lived there, a significant event happened there, it is a significant style or of significance to the surroundings. She said that the local landmark designation gives the most protection to the outside of the building. Mrs. Colopy described the difference between the federal and state landmarking designated by the National Parks Service. She spoke about the Certified Local Government Grant, the National Park Service Grant, and what it could be used for. Mrs. Colopy stated that being in a historic district doesn't change anything for the business owners; they don't need to follow HPC rules unless they take money for any repairs. Mayor Mercurio asked what the tax credit is, Mrs. Colopy stated that around 30% state and federal, depending on the situation. Mayor Mercurio asked about local landmarking. Mrs. Colopy said that anything that is a local landmark needs repairs to go through the HPC with a certificate of appropriateness. She said that being part of a National Registered District does not constrain the business in any way. Trustee Flynn asked about the CLG grant. Mrs. Colopy said that the Village can apply for it or any individual can apply for it on their own and stated that they don't need a municipality's approval. She states that the property owners can object. Mayor Mercurio asked what is involved with this application. Mrs. Colopy said that she would send over the information.
- Tim Noon- 764 Oakwood- Village Tree Board Member- He said he came for the NYSEG update and gave a statement of support from the Village Tree Board. Mayor Mercurio said that Jesse Griffis and Nancy Smith were in attendance for those meetings.
- John Rosenberg- 340 Olean- He has concerns about the new garbage totes in the snow. Village Administrator Krieger said to clear a spot by the end of your driveway. Mayor Mercurio reviewed the garbage renewal process.
- Kurt Colopy- 365 South Grove- He asked about NYSEG coming to survey the trees. He wanted to know if it would include residents' properties. Village Administrator Krieger said yes if it's considered a right-of-way. Clerk-Treasurer Jerackas said that they would need a homeowner's permission to come onto their property.

PUBLIC HEARINGS

- Public Hearing to Consider a Local Law to amend §285-44 Sign Regulations.
 - Village Attorney Trapp said that the law is currently with him and that the Code Enforcement office had additional changes.
- The Public Hearing will remain open.

OFFICIAL CONSIDERATIONS

- WHEREAS, the applicant has filed Part 1 of the Short Environmental Assessment Form (SEAF) with this Board, a copy of which is included by reference and made a part hereof, relating to the proposed project at 400 Quaker Road, East Aurora, New York, wherein the applicant, Jennifer Greene of WH Greene & Associates, Inc.; and
 WHEREAS, the Village Planning Commission, after carefully and fully reviewing the application, including the Site Plan attached thereto, with any and all amendments and modifications, and considering comments and documentation presented for and against the project, voted in the majority recommending approval, with findings; and
 WHEREAS, the Village SEQRA Intake Committee carefully and fully reviewed Part 1 of the SEAF submitted by applicants including the Site Plan attached thereto, and the above-referenced amendments and modifications; and

WHEREAS, the Village SEQRA Intake Committee, after their review of the above, prepared Parts 2 and 3 of the SEAF with a recommendation of the issuance of the Negative Declaration of Environmental Significance for submission to, and consideration by, the Village Board; and

WHEREAS, the Village Board of Trustees, upon taking an independent hard look and reasoned evaluation of the above-referenced information, comments and written documentation, including, but not limited to, Part 1 of the SEAF; comments, recommendations, findings and conditions of the Planning Commission, the Site Plan and the recommendation of the SEQRA Intake Committee and that Committee's completed Parts 2 and 3 of the SEAF concerning the potential environmental impacts of the project; all of which are incorporated by reference herein; and

WHEREAS, the Village Board, upon carefully and fully reviewing all the information, comments and written documentation in regard to the project, made a finding that there are no significant environmental impacts.

NOW, THEREFORE, BE IT RESOLVED, that the Village Board of East Aurora as Lead Agency has determined that the proposed action described in the SEAF, submitted by the applicants, for the site plan proposed to construct of an addition to the existing commercial building at 400 Quaker Rd and expand parking, as detailed in the Site Plan Application dated June 23, 2025, is classified as an Unlisted Action and therefore issues a Negative Declaration, that this development will not have a significant environmental impact and a Draft Environmental Impact Statement will not be required nor prepared. The foregoing resolution was duly made by Trustee Rabey and seconded by Trustee Scheer and carried on October 6, 2025.

- WHEREAS, an application has been submitted for Site Plan Approval at the above-referenced property by applicant Jennifer Greene of WH Greene & Associates, Inc.,
WHEREAS, the Village Board referred the site plan to the Planning Commission for review, comment and recommendation, and the Planning Commission resolution, recommending site plan approval, with findings and no conditions; and
WHEREAS, the Village's SEQRA Intake Committee considered the application and reviewed Part 1 of the Short Environmental Assessment Form submitted by the applicant and completed Part 2 and Part 3 thereof on behalf of the Village, and it was the recommendation of the SEQRA Committee and approved by the Village Board as a Negative Declaration, including that the proposed development plan is a Unlisted Action and would have no significant environmental impact; and

WHEREAS, the Village Board at a public meeting reviewed and considered further the comments and all written materials submitted by the applicant and all other information and recommendations before the Board, including minutes of prior Village Board meetings and the recommendations from the SEQRA Intake Committee and Planning Commission, and the referral and response from the Erie County Division of Planning declaring: No Recommendation; proposed action has been reviewed and determined to be of local concern; and

WHEREAS, the Village Board received and considered the Site Plan, the above-referenced upgrades, and any and all amendments thereof; and

WHEREAS, the Village Board has separately considered the environmental impacts of the project, declared itself Lead Agency and issued a Negative Declaration of environmental significance, with the proposal classified as a Unlisted Action.

NOW, THEREFORE, BE IT RESOLVED, by the Village Board as follows:

1. The Findings of Fact of the SEQRA Intake Committee, the resolution with findings of the Planning Commission, and the site plan application, all information included in the minutes taken in relation to the abovementioned Village Board and Planning Commission meetings are herein incorporated by reference, including the following findings of the Planning Commission:

- a. Updated drawing L100 with revision date of 7.10.25 was evaluated
- b. Responsible expansion and keeping within the purpose of the Industrial Park

c. Findings relating to the areas that are in the Town are preliminary, subject to review and approval from the Town.

2. The Resolution of the Village Board considering the environmental impacts of the project and the issuance of a Negative Declaration of environmental significance is incorporated herein by reference.

3. The Site Plan relating to the proposed project at 400 Quaker Road, East Aurora, New York, wherein the applicant proposes to construct an addition to the existing commercial building at 400 Quaker Road and expand parking, as detailed on documents submitted with the application, is hereby approved and is subject to the following additional conditions:

a.

4. The resolution is effective immediately, approving the issuance of a development, construction permit as hereinbefore set forth, subject to compliance with all applicable federal, state and local laws and codes.

The foregoing resolution was duly made by Trustee Scheer and seconded by Trustee Flynn and carried on October 6, 2025.

- A motion by Trustee Lazickas, to Approve a Temporary Use Permit for Holly Layer of East Aurora Runners to hold the Turk-EA-Trot on November 27, 2025, at 9 am, seconded by Trustee Flynn, and unanimously approved.
 - Mayor Mercurio asked Police Chief Welch if they have any issues with the event, Police Chief Welch said that the route is approved by the police department.
- A motion by Trustee Rabey, to Approve a Temporary Use Permit for Victoria Sturman of the EA Chamber of Commerce Carolcade Saturday, December 20, 2025, 7-8 pm on Main Street in front of Vidler's, seconded by Trustee Lazickas, and unanimously approved.
- A motion by Trustee Flynn, to Approve a Temporary Use Permit for Victoria Sturman of EA Chamber of Commerce Holiday Magic in the Village, Saturday, December 20, 2025, 12 - 4 pm at the Roycroft Campus, seconded by Trustee Lazickas, and unanimously approved.
- A motion by Trustee Scheer, to Approve a Temporary Use Permit for Joel Brandon of EA Rotary Foundation Inc East Aurora Wonderland on Friday, December 5, 12 & 19 from 12-8 pm; Saturday, December 6 & 13 from 10 am-8 pm, December 20 from 10 am-5 pm and Sunday, December 7 & 14 from 12-4 pm at the Roycroft Campus, seconded by Trustee Rabey, and unanimously approved.
 - The applicant spoke about the event. He said that the Town Highway Department is letting the EA Rotary build wooden booths and store them behind the highway garage. He said that the entertainment stage will be collapsible and the Roycroft will provide electricity.
- A motion by Trustee Flynn, to Approve a Local Landmark application for 670 Main Street as recommended by the Historic Preservation Commission, seconded by Trustee Rabey, and no vote was taken, and the motion was withdrawn.

A motion by Trustee Flynn to withdraw her motion and table to Approve a Local Landmark application for 670 Main Street as recommended by the Historic Preservation Commission, seconded by Trustee Rabey and unanimously approved.

- Mayor Mercurio said that he appreciates the work that Maryann has done, he said that he would like to speak with SHPO and hear the reason why they denied their application. He would also like to talk to the HPC member who voted against it. Mary Ann Colopy said that they were denied because in order for them to have applied for the tax credits, they needed to have worked with SHPO from the beginning, because they did things to the interior of the building that SHPO would not have approved that changed the character of the building. Village Attorney Trapp asked about any exterior changes that were made. Assistant Code Enforcement Officer Miga said that part of the site plan application was modifications to the existing structure that included two garage doors, one of the breezeways, modifications to the windows, and the mezzanine level, where they added a roof structure. Mrs. Colopy reviewed the levels of preservation and how specific SHPO is. Trustee Lazickas said that he had some concerns about the explanation regarding the classical revival. He said that typically, classical revival has columns and pediments. He said that there was a pediment in the blasters that appeared in earlier pictures and that it was no longer accurate. He said the building is not symmetrical either and that the dentils are the only thing that seems to be significant to the style. He said that the structure of the bank was used everywhere and doesn't see it qualifying based on architecture or that Seymore Knox was a true connection to the building. Mrs. Colopy reviewed her opinions on all of this and gave information on the groups that had already come and looked at this structure. She said that the building was made usable for today's usage. Trustee Lazickas asked about the 5 points of criteria. Mrs. Colopy said that it only needs to meet one of the five points, not all five, and that it is a significant presence in the neighborhood. Mayor Mercurio said that we would like more time to work on this and would like to bring it back to the Oct 20th meeting. Peter Sorgi said that he is the attorney for Carner Development and has concerns over this application not being voted on at the last meeting. He reviewed the reasons why he believes this is unfair to his client. Mr. Sorgi requested that the Village Board vote on this application tonight. Mayor Mercurio said that he would still like more time to review the information. Trustee Flynn withdrew her motion and Trustee Rabey withdrew his second.

- A motion by Trustee Scheer, to Give Permission to Surplus (2) two Ford Explorer Interceptors, seconded by Trustee Flynn, and unanimously approved.
- A motion by Trustee Scheer, to Approve the Mayor to sign the STOP DWI contract with Erie County for 2024-2025, seconded by Trustee Lazickas, and unanimously approved.
 - Police Chief Welch reviewed why this has old years involved.
- A motion by Trustee Rabey, to Award the Bid for the DPW roof replacement to Titan Roofing Inc for \$414,800.00, seconded by Trustee Flynn, and unanimously approved.
- A motion by Trustee Rabey, to Approve the bids for the 2025 Auctions International DPW vehicles, seconded by Trustee Lazickas, and unanimously approved.
 - Streets Foreman Jakubczak said that the difference in prices because one of the vehicles needs a lot of repairs.
- A motion by Trustee Scheer, to Approve Budget Adjustments for the 2025/2026 fiscal year, seconded by Trustee Rabey, and no motion was made.

- A motion was made by Trustee Rabey, to give permission for the Village to accept the grant funding from Erie County Planning for a Senior Housing Feasibility Study, seconded by Trustee Lazickas and unanimously approved.
- A motion was made by Trustee Lazickas, to give permission for the Mayor to sign the intermunicipal agreement with Erie County, seconded by Trustee Flynn and unanimously approved.

NEW BUISNESS

- Touka Sushi & Hibachi - 30 Day Liquor Advanced notice- The Village Board had no issues with this.

OLD BUISNESS

SPEAKERS AND COMMUNICATIONS (II)

- Holly Maciejewski- 218 Center- She was upset about the way that the Village Board was spoken to during
- Rob Goller- Village Historian- He thanked the Village Board for the Carolcade approval and plans to keep it the same. He said that he believes that having a historic district adds to the charm of the Village. Village Historian Goller explained why he isn't a member of the HPC but helps with gathering unbiased information. Trustee Flynn asked if there is any downside to having a historic district, Village Historian Goller said that he didn't see any but told the Village Board to reach out to other mayors with historic districts.

Department Head and Trustee Reports

Police Chief – He said that is business as usual and that there has been a lot of bike education. He said there is possibly another Hallmark event and spoke about Safety Pup.

Streets Foreman- He said that the DPW put up the new score board at Hamlin Park and are retro fitting the dump trucks to do leaf collection. He said that the DPW is finishing road striping and continuing preventative maintenance on snow removal equipment. Mayor Mercurio asked if there are any updates on Main Street from the State, Streets Foreman Jakubczak said that there was nothing official. Police Chief Welch said Mill Street will be shut down next Monday and will be shut down from 20A to the sewage treatment plant.

Assistant Code Enforcement Officer- He announced that we are in a temporary burn ban until October 15th and that NYS has published the new code that will go into effect on Dec 31st that has to do with new construction being fossil fuel free.

Village Administrator- He said that the clerk's office is doing a great job returning calls and helping residents with the garbage transition. He said that the office has been working with Waste Management on issues and concerns and Clerk- Treasurer Jerackas said the trucks will be doing a sweep of the Village for anyone who missed their garbage day this week.

Village Clerk-Treasurer- She said that she attended the event held by the Aurora Players and said it was very nice. She said that she has department heads working on their capital committee report updates so she can start working on the capital plan for next year.

Trustee Lazickas- none

Trustee Scheer- none

Trustee Rabey- none

Trustee Flynn – none

Mayor Mercurio- He said that Clerk-Treasurer Jerackas and Village Administrator Krieger did a lot of research and are taking all the calls on the totes. He thanked Scott Bieler for the donation to the Aurora Players. He said that he spoke with the owners of Main and Hamlin, who would like to help get a new playground at Hamlin Park. Trustee Scheer has concerns over the school fundraising for a playground at the same time as fundraising for the Hamlin Park playground. Mayor Mercurio said that the community is big enough for multiple

playgrounds. Police Chief Welch said that only the Hamlin Park playground is accessible to the public from sunup to sundown. Trustee Flynn asked about the cost, Trustee Scheer said that playground costs are about \$300,000-\$400,000. Mayor Mercurio said he would like to check with the school to see if we can both fundraise without hurting opportunities.

ADJOURNMENT

A motion was made by Trustee Rabey to adjourn the meeting at 8:36 pm. Seconded by Trustee Flynn and unanimously carried.

Respectfully submitted,

Maureen Jerackas
Village Clerk-Treasurer

BUILDING DEPARTMENT

(716) 652-7591

MEMO

TO: Mayor Mercurio and Village Trustees

FROM: Richard Miga, Assistant Code Enforcement Officer

DATE: May 2nd, 2025

The Building Department received a request for the rezoning for a portion of the property at 192 Oakwood Avenue by Marget J. Drzewiecki, Esq., of Rupp Pfalzgraf LLC for the property owner Dimitie O'Connor. The property is currently zoned as Single-Family Residential (SFR), and the request is to rezone the rear portion of the lot to Open Space (OS). The portion of the lot to be rezoned is approximately 165'x65' for an approximate area of 10,000 sq. ft.

Village Code section 285-57.3 requires the Village to submit the applications to the Planning Board for their review and recommendation. The Village Board shall then schedule a public hearing for the application.

Village Code section 285-57.4A requires the Village to submit the applications to Erie County Department of Environment and Planning prior to the public hearing and final action by the Village Board.

This is an Unlisted action for purposes of SEQR.

If you have any questions, please contact me at 652-7591.

Re: Proposed Rezoning for Portion of 192 Oakwood Avenue,
East Aurora, New York 14052 (SBL No. 164-190-6-30)
Our File No.: 12987.38665

Ladies and Gentlemen:

On behalf of the Buffalo City Cemetery, Inc. (the “Applicant”), we are submitting this Letter of Intent and the enclosed documentation for rezoning approval of a portion of 192 Oakwood Avenue East Aurora, New York 14052 (SBL No. 164-190-6-30) (the “Property”) pursuant to Village of East Aurora Zoning Code (“Code”) Chapter 285, Part 5, Article 57.

Exhibits

The documentation being submitted with this Letter of Intent consists of the following:

- Exhibit “A”** – Survey, Annotated Survey, and Legal Description
- Exhibit “B”** – Village of East Aurora Rezoning Application Form and Landowner Authorization
- Exhibit “C”** – Part 1 of the Short Environmental Assessment Form (“SEAF”) prepared pursuant to the State Environmental Quality Review Act (“SEQRA”)

*The Application fee is enclosed with the original copies of this Letter of Intent.

I. PROJECT DETAILS

<u>Requestor:</u>	The Buffalo City Cemetery, Inc. 1411 Delaware Avenue Buffalo, New York 14209
<u>Contact:</u>	Margaret J. Drzewiecki, Esq. Rupp Pfalzgraf LLC Buffalo, New York 14202 Tel: 716-854-3400 Email: drzewiecki@RuppPfalzgraf.com
<u>Project Location:</u>	192 Oakwood Avenue East Aurora, New York 14052
<u>Parcel ID No.:</u>	164.19-6-30
<u>Landowner:</u>	Dimitie O'Connor 192 Oakwood Avenue East Aurora, New York 14052
<u>Zoning District:</u>	Single Family Residential ("SFR")
<u>Proposed Zoning District:</u>	Open Space ("OS")

The Applicant respectfully requests to rezone a portion of the Property (the “Proposed Action”), as outlined in red in the image below. See also **Exhibit A**. This portion of the Property is approximately 0.22 acre (10,000 SF) of the Property’s total .418 acreage.

This rezoning will permit that portion of the Property to be used for cemetery purposes while maintaining the front portion of the Property as a residence until the termination of the current landowner's life estate interest. Once the landowner's life estate interest is terminated, the Applicant intends to rezone the remainder of the Property to the right-of-way. At that time, the Applicant will seek rezoning and demolition approval from the Village under the Code accordingly.

III. CODE ANALYSIS

The Proposed Action seeks to rezone a portion of the Property from Single Family Residential (“SFR”) to Open Space (“OS”). The rezoning is necessary to permit cemetery use at the rezoned portion of the Property. Code § 285-23.3(B)(3) permits cemeteries as-of-right in an OS district.

Rezoning this portion of the Property, alongside the intent to similarly rezone the remainder of the Property in the future, is consistent with the neighboring uses to the Property. The Village Zoning Map is reproduced below, where the Property is marked with an “x” and neighboring parcels that are already zoned OS are depicted in green.

Mid-Main Overlay (MMO)	Village Manufacturing (VM)
Local Landmark Property	Open Space (OS)

The parcel across the street from the Property as well as the parcel directly abutting the Property, at 0 Oakwood Avenue (SBL No. 175.07-2-2) and 202 Oakwood Avenue (SBL No. 164.19-6-29), respectively, are already zoned OS and used for cemetery purposes. These parcels are also under the Applicant’s ownership and control as the result of a merger approved in 2023.

Therefore, the proposed rezoning is consistent with the nearby uses at neighboring properties and will also enable the expanded use of the existing historic Oakwood Cemetery located at 202 Oakwood Avenue. The Proposed Action will complement the existing cemetery uses and will not detract from the neighboring residential parcels because the portion to be rezoned will be maintained with the same high level of professional stewardship as the Village and its residents know to expect from Oakwood Cemetery’s current operations.

IV. CONCLUSION

The Proposed Action is consistent with existing uses near the Property and will contribute to the ongoing operations at and success of the historic Oakwood Cemetery.

Please feel free to contact me at 716-854-3400 or via email at drzewiecki@RuppPflazgraf.com if you have any questions regarding this Letter of Intent, the enclosed project documentation, or the proposed rezoning.

Respectfully yours,

BUILDING DEPARTMENT

(716) 652-7591

MEMO

TO: Mayor Mercurio and Village Trustees

FROM: Richard Miga, Assistant Code Enforcement Officer

DATE: May 22, 2025

The Building Department has accepted a Minor subdivision application for the vacant parcel at 0 Pine Street by applicant Aaron Romanowski of Alliance Homes. The parcel is located in the Single-Family Residential (SFR) zoning district. The Subdivision application has been submitted to request the parcel be subdivided into three lots for the construction of single-family dwellings.

Village Code section 285-50.4C(3) requires the Village to submit the applications to Erie County Department of Environment and Planning for their review and comment due to proximity to a County roadway.

It is recommended that this minor subdivision application be submitted to the Planning Commission for their review and recommendation prior to the Village Board scheduling the public hearing.

This is an Unlisted action for purposes of SEQR.

If you have any questions, please contact me at 652-7591.

Re: Minor Subdivision Application
Applicant: ARR Holdings LLC
Location: 0 Pine Street [SBL No. 163.13-1-10]

Dear Liz:

Pursuant to our telephone conversation today, enclosed are copies of the following project documentation being submitted in connection with the request of ARR Holdings LLC (the "Project Sponsor") for Minor Subdivision Approval for the proposed three (3) lot residential subdivision to be located at 0 Pine Street (the "Project Site"):

- Ten (10) copies of the Minor Subdivision Application and supporting documentation consisting of Exhibits "1" to "6" as follows:
 - Exhibit 1: Exhibit 1 - Short Environmental Assessment Form dated May 22, 2025;
 - Exhibit 2: Reduced-Size Copy of Plot Plan [Drawing C-100 – Date: 05/16/25] as Prepared by Carmina Wood;
 - Exhibit 3: Topographic Survey of Project Site as Prepared by Nussbaumer & Clarke, Inc. dated April 7, 2025;
 - Exhibit 4: Copy of Article 20 of the Village of East Aurora Code titled "Residential Districts;
 - Exhibit 5: Aerial Photograph of the Project Site; and
 - Exhibit 6: Copy of Deed recorded at the Erie County Clerk's Office on May 16, 2025 at Liber 11445 of Deeds at Page 7294 by which the Project Site was acquired by ARR Holdings LLC
- Ten (10) full-size sets of the engineered plans prepared by Christopher Wood, P.E. of Carmina Wood Design dated May 26, 2025

The Project Site is properly zoned Single-Family Residential ("SRF") pursuant to the Zoning Map. As we have discussed, the proposed minor subdivision includes an extension of sanitary sewer infrastructure to the Project Site.

ARTICLE 20
Residential Districts

§ 285-20.1. Residential districts established.

- A. The residential districts are listed in Table 20.1 below. When this chapter refers to residential districts it is referring to one of the following:

Table 20.1: Residential Districts

Residential District Name	Abbreviation and Map Symbol
Single-Family Residential	SFR
Low Density Residential	LDR
General Residential	GR
Limited Commercial Residential	LCR

- B. The residential district names and map symbols are intended to provide a general indication of what is allowed in the district by denoting the intensity, scale, and/or type of uses permitted.

§ 285-20.2. Residential district purpose statements.

- A. Single-Family Residential (SFR) District. The purpose of the SFR District is to support the vision and goals contained within the Village's adopted Comprehensive Plan through the preservation and enhancement of the existing, traditional single-family neighborhoods. The intent of this district is to permit the construction and/or reconstruction of single-family detached dwellings that do not compromise the existing residential character and pedestrian-friendly setting of the Village's neighborhoods. Future development and investment should continue the existing traditional neighborhood development pattern, generally consisting of owner-occupied, single-family detached homes, unobstructed front yards, and pedestrian-scaled streetscapes (e.g., with sidewalks, street lighting, street trees, etc.).
- B. Low Density Residential (LDR) District. The purpose of the LDR District is to provide for housing choice as outlined in the Village's adopted Comprehensive Plan and allow for a transitional zone between established single-family neighborhoods and mixed-density residential areas. These neighborhoods may contain a mix of single- or two-family homes, townhouses, and multifamily dwellings with no more than four dwelling units per structure. The LDR District is intended to recognize the need for varying housing styles and densities in certain residential areas to foster a suitable transition and buffer between established neighborhoods, new development, and limited commercial areas.
- C. General Residential (GR) District. The GR District is intended to allow for the greatest level of flexibility in residential development within the Village. Newly constructed and redeveloped neighborhoods in the GR District should reflect the traditional character and walkability of the Village's existing neighborhoods, while also providing for a mix of housing types and densities as provided for in the adopted Comprehensive Plan for East

Aurora.

- D. **Limited Commercial Residential (LCR) District.** The purpose of the LCR District is to accommodate the broadest range of housing choice in immediate and close proximity to supporting commercial shops and services in accordance with the Village's adopted Comprehensive Plan. Proposed development or redevelopment in this district shall employ techniques to minimize negative impacts on established lower-density residential areas and neighboring properties. The specific objectives of the LCR District are as follows:
- (1) To establish a transition zone between commercial districts and residential districts, particularly along Main Street and other higher volume traffic corridors.
 - (2) To protect established residential neighborhoods from the type of land use associated with more intense commercial operations, including, but not limited to, large, unscreened, or highly visible parking areas; high levels of traffic; illumination; noise; and odors that could be detrimental to the characteristics of the residential neighborhood.
 - (3) To permit transitional uses, those by nature or level and scale of activity, and act as a transition or buffer zone between two or more incompatible uses (such as auto-related uses and single-family residences).
 - (4) To provide opportunities for new mixed-use developments, alternatives for the conversion of dwellings, and new construction in areas that are undergoing change and may be more viable as commercial or mixed-use as opposed to exclusively residential in character.
 - (5) To ease the transition between residential and commercial areas by providing for a mix of residential and nonresidential uses with development standards that foster economic development and convenient services for area residents, while maintaining compatibility with nearby residential areas.
 - (6) To promote a pattern of land use suitable for the development of professional and business offices and limited service, retail and commercial activities.

§ 285-20.3. Residential use lists. [Amended 5-4-2020 by L.L. No. 2-2020]

Uses are allowed in residential districts within the Village in accordance with Table 20.3 below.

- A. Uses identified with a "P" in the table are permitted as-of-right in the zoning district, subject to compliance with all other applicable standards of this chapter.
- B. Uses identified with a "SP" in the table may be allowed if reviewed and approved in accordance with the special use permit procedures contained in Article 52 of this chapter.
- C. Uses not listed and those identified with a "-" are expressly prohibited.

BARGAIN AND SALE DEED

**ERIE COUNTY
CLERK'S OFFICE**

THIS BARGAIN AND SALE DEED, made this 2nd day of April, 2025 between **FISHER-PRICE, INC.**, a Delaware corporation with an address of 636 Girard Avenue, East Aurora, New York 14052 ("Grantor") and **ARR HOLDINGS LLC**, with an address at 4727 Camp Road, Hamburg, New York 14075 ("Grantee"),

WITNESSETH, that the Grantor, in consideration of ONE DOLLAR (\$1.00), lawful money of the United States, and other good and valuable consideration, paid by the Grantee, does hereby grant and release unto the Grantee and to the Grantee's distributees, successors, and assigns forever:

ALL THAT TRACT OR PARCEL OF LAND, situate in the Village of East Aurora, County of Erie, and State of New York, being more particularly described on the attached **Schedule A**,

SUBJECT TO all easements, covenants and restrictions of record,

TOGETHER with all right, title and interest, if any, of the Grantor in and to any streets and roads abutting the premises to the center lines thereof,

TOGETHER with the appurtenances and all the estate and rights of the Grantor in and to said premises.

TO HAVE AND TO HOLD the premises herein granted unto the Grantee, and to his distributees, successors and assigns forever.

AND THE GRANTOR COVENANTS that it has not done or suffered anything whereby the said premises have been encumbered in any way whatever.

THE GRANTOR COVENANTS FURTHER that, in compliance with Section 13 of the Lien Law, the Grantor will receive the consideration for this conveyance and will hold the right to receive such consideration as a trust fund to be applied first for the purpose of paying the cost of the improvement and will apply the same first to the payment of the cost of the improvement before using any part of the total of the same for any other purpose.

THIS CONVEYANCE is made in the ordinary course of Grantor's business and does not constitute all or substantially all of the assets of Grantor.

IN WITNESS WHEREOF, the Grantor has hereunto set their hand the day and year first above written.

SCHEDULE A

Legal Description

ALL THAT TRACT OR PARCEL OF LAND, situated in the Village of East Aurora, Town of Aurora, County of Erie and State of New York, being part of Lot twenty-four (24), Township nine (9), Range six (6) of the Holland Land Company's Survey, bounded and described as follows:

Beginning at a point in the centerline of Pine Street and at a measured distance, as measured along the center line of said Pine Street, one thousand eight hundred fifty-five and twenty-six hundredths (1,855.26) feet north from a stone monument set in the north line of Main Street of the width of sixty-six (66) feet, which point of beginning is the southeast corner of lands conveyed to Fisher-Price Toys, Inc. by deed recorded in the Erie County Clerk's Office in Liber 7030 of Deeds at Page 673; thence west making an included and southwest angle of 90 with the center line of Pine Street being the east line of Lot Number 24, passing over an iron pipe in the west bounds of said Pine Street and along the south line of lands so conveyed to said Fisher-Price Toys, Inc. three hundred eighteen and nine tenths (318.9) feet to an iron pipe in the northeast corner of lands conveyed to Robert J. Fox and Grace I., his wife, by deed recorded in the Erie County Clerk's Office in Liber 5651 of Deeds at Page 292; thence south parallel to the east line of said Lot Number 24 and the center line of Pine Street, a measured distance of one hundred sixty-nine (169) feet to the north line of Girard Avenue of the width of fifty (50) feet, passing over an iron pipe set in the north line of Girard Avenue; thence east parallel to the north line hereof, a measured distance of three hundred eighteen and nine tenths (318.9) feet passing over a monument set in the west line of said Pine Street to the east line of Lot Number 24 and the center line of Pine Street, said point being one hundred sixty-nine (169) feet south of the place of beginning; thence north along the east line of said lot Number 24 and the center line of said Pine Street, one hundred sixty-nine (169) feet to the place of beginning.

Excepting and reserving from the above described premises that portion conveyed to Paul A. Olson and Lenore M. Olsen, his wife by deed recorded in Erie County Clerk's Office in Liber 7031 of Deeds at Page 633.

NOTE: HOUSE LOCATIONS AND FOOTPRINTS SHOWN (40' X 40') ARE APPROXIMATE AND ARE FOR PLANNING PURPOSES ONLY. INDIVIDUAL PLOT PLANS WILL BE SUBMITTED FOR EACH LOT WITH SPECIFIC HOUSE FOOTPRINTS AND LOCATIONS AS PART OF THE BUILDING PERMIT APPLICATION.

NOTE: ROOF DOWNSPOUTS AND SUMP PUMP DISCHARGES SHALL CONNECT TO THE CLOSED DRAINAGE SYSTEMS ON THE ADJACENT STREETS.

NOTE: EROSION CONTROL DEVICES SHOWN ON INDIVIDUAL LOTS SHALL BE INSTALLED PRIOR TO CLEARING FOR HOME CONSTRUCTION AND BE MAINTAINED UNTIL THE PARTICULAR LOT IS STABILIZED. ADDITIONAL DEVICES SHALL BE INSTALLED AS FIELD CONDITIONS WARRANT.

THE ENGINEER OF RECORD FOR THIS PROJECT CERTIFIES THAT THESE DESIGN PLANS MEET THE REQUIREMENTS AND ARE IN FULL COMPLIANCE WITH THE APPLICABLE REGULATORY AGENCIES AND ALL APPLICABLE LAWS.

NOTES:
CONTRACTOR SHALL INSPECT AND MAINTAIN SILT SOCKS AS NEEDED DURING THE DURATION OF CONSTRUCTION PROJECT.

CONTRACTOR SHALL REMOVE SEDIMENT COLLECTED AT THE BASE OF THE SILT SOCK WHEN IT HAS REACHED 2/3 OF THE EXPOSED HEIGHT OF THE SILT SOCK. ALTERNATIVELY, RATHER THAN CREATE A SOIL DISTURBING ACTIVITY, THE ENGINEER MAY CALL FOR ADDITIONAL SILT SOCK TO BE ADDED AT AREAS OF HIGH SEDIMENTATION, PLACED IMMEDIATELY ON TOP OF THE EXISTING SEDIMENT LADEN SILT SOCK.

 - WIDTH - TWENTY (20) FOOT MINIMUM, BUT NOT LESS THAN THE FULL WIDTH AT POINTS WHERE IMPRESS OR EGRESS OCCURS. TWENTY-FOUR (24) FOOT IF SINGLE ENTRANCE TO SITE.
 - FILTER CLOTH - WILL BE PLACED OVER THE ENTIRE AREA PRIOR TO PLACING OF STONE.
 - SURFACE WATER - ALL SURFACE WATER FLOWING OR INVERTED TOWARD CONSTRUCTION ENTRANCES SHALL BE PIPED ACROSS THE ENTRANCE. IF PIPING IS IMPRACTICAL, A MOUNTABLE BERM WITH 5:1 SLOPES WILL BE PERMITTED.
 - MAINTENANCE - THE ENTRANCE SHALL BE MAINTAINED IN A CONDITION WHICH WILL PREVENT TRACKING OR FLOWING OF SEDIMENT ONTO PUBLIC RIGHTS-OF-WAY. ALL SEDIMENT SPILLED, DROPPED, WASHED OR TRACKED ONTO PUBLIC RIGHTS-OF-WAY MUST BE REMOVED IMMEDIATELY.
 - WHEN WASHING IS REQUIRED, IT SHALL BE DONE ON A AREA STABILIZED WITH STONE AND WHICH DRAINS INTO AN APPROVED SEDIMENT TRAPPING DEVICE.
 - PERIODIC INSPECTION AND NEEDED MAINTENANCE SHALL BE PROVIDED AFTER EACH RAIN.

(NOVEMBER 2023)

NOTES:

- IN ALL CASES WHERE THERE IS LESS THAN 18" CLEARANCE BETWEEN EXISTING WATER MAIN AND PROPOSED SEWER (INCLUDING HOUSE LATERALS) THE NEW WORK SHALL BE ENCASED IN CONCRETE AS SHOWN. WHEN A CASING PIPE IS SPECIFIED, NO CONCRETE ENCASEMENT IS REQUIRED.
- THE CONCRETE ENCASEMENT SHALL EXTEND 3'-0" EACH SIDE OF THE WATER MAIN.
- SEWERS SHALL BE LAID AT LEAST 10' (3.0 m) HORIZONTALLY FROM ANY EXISTING OR PROPOSED WATERMAIN. THE DISTANCE SHALL BE MEASURED EDGE TO EDGE. IN CASES WHERE IT IS NOT PRACTICAL TO MAINTAIN A 10' SEPARATION, THE APPROPRIATE REVIEWING AGENCY MAY ALLOW DEVIATION ON A CASE BY CASE BASIS, IF SUPPORTED BY DATA FROM THE DESIGN ENGINEER. SUCH DEVIATION MAY ALLOW INSTALLATION OF THE SEWER CLOSER TO A WATERMAIN PROVIDED THE WATERMAIN IS IN A SEPARATE TRENCH OR ON AN UNDISTURBED EARTH SHELF LOCATED ON ONE SIDE OF THE SEWER AND THE ELEVATION OF THE BOTTOM OF THE WATERMAIN IS AT LEAST 18" (46 mm) ABOVE THE TOP OF SEWER.
- SEWERS CROSSING WATERMANS SHALL BE LAID TO PROVIDE MINIMUM VERTICAL DISTANCE OF 18" (46 mm) BETWEEN THE OUTSIDE OF THE WATERMAIN AND THE OUTSIDE OF THE SEWER. THIS SHALL BE THE CASE WHEN THE WATERMAIN IS ABOVE OR BELOW THE SEWER. THE CROSSING SHALL BE ARRANGED SO THE JOINTS OF THE SEWER PIPE WILL BE CONSTANTLY AWAY FROM THE WATERMAIN JOINTS AS POSSIBLE. WHERE THE WATERMAIN CROSSES UNDER A SEWER, ADEQUATE STRUCTURAL SUPPORT SHALL BE PROVIDED FOR THE SEWER TO PREVENT DAMAGE TO THE WATERMAIN.
- WHEN IT IS IMPOSSIBLE TO OBTAIN THE PROPER HORIZONTAL AND VERTICAL SEPARATION AS STIPULATED ABOVE, THE SEWER SHALL BE EITHER ENCASED IN CONCRETE OR CONSTRUCTED OF PIPE MATERIAL EQUAL TO THE WATERMAIN AND PRESSURE TESTED AT 150 PSI TO ASSURE WATER TIGHTNESS.

CONSTRUCTION SPECIFICATIONS FOR HOUSE LATERALS

1. MATERIAL (NOVEMBER 2023)

- (NOVEMBER 2023)
1. MATERIAL
- a. THICK WALL PVC - D = 3034, SDR=35
 - b. EXTRA HEAVY CAST IRON
 - c. DUCTILE IRON
2. FAR SIDE CROSSING
- a. MATERIALS INSTALLED ACROSS TOWN ROADS MAY BE BY THE OPEN CUT METHOD WHERE ALLOWED BY THE HIGHWAY DEPARTMENT.
 - b. MATERIALS INSTALLED ACROSS STATE OR COUNTY ROADS SHALL BE BY THE BORING AND JACKING METHOD (UNLESS OTHERWISE NOTED ON THE PLANS) USING A STEEL CASSID PIPE. THE CARRIER PIPE SHALL CONFORM WITH THE MATERIAL SPECIFIED OR APPROVED BY THE ENGINEER.
 - c. ALL PAYMENT CROSSINGS (OPEN CUT METHOD) WITH LESS THAN 4'-0" COVER SHALL BE ENCASED WITH 2000# CONCRETE.
 - d. ALL FAR SIDE CROSSINGS SHALL BE INSTALLED UP TO ONE (1) FOOT OF THE R.O.W. LINE.
 - e. THE CONTRACTOR SHALL SUPPLY A 2" X 4" WOOD MAJOR EXTENDING FROM THE END OF THE CROSSING TO ONE FOOT OF THE R.O.W. LINE. ALSO, REDWOODS SHALL BE KEPT AS TO THE CENTER OF THE ROAD SERVICE AND A MINIMUM OF THREE (3) TIES SHALL BE ESTABLISHED FOR THE LOCATION OF THE SERVICE.
 - f. THE TIE SHALL BE AT A 2.0% MINIMUM GRADE. IN CASES OF A SHALLOW SLOPE, A 1.0% SLOPE MAY BE APPROVED BY THE ENGINEER.
3. NEAR SIDE SERVICES
- a. THE CONTRACTOR SHALL SUPPLY WYE BRANCHES OF THE SAME MATERIAL AND CLASS AS THE SINK MAIN.
 - b. THE LOCATION OF THE WYE BRANCHES WILL BE DETERMINED BY THE CONTRACTOR AND ENGINEER IN THE FIELD AFTER CONFERRING WITH THE HOMEOWNER.
 - c. THE LOCATION OF THE WYE BRANCHES SHALL BE MEASURED FROM THE LAST DOWNSTREAM MANHOLE AND AT LEAST THREE (3) TIES FROM AN EXISTING STRUCTURE, NORMALLY THE HOME IT IS TO SERVICE.
 - d. NEAR SIDE SERVICES SHALL BE INSTALLED UP TO ONE (1) FOOT OF THE R.O.W. LINE.
 - e. THE CONTRACTOR SHALL PROVIDE A 2" X 4" WOOD MAJOR EXTENDED FROM THE WYE BRANCH TO ONE (1) FOOT BELOW GRADE.
 - f. AT SERVICES WHERE THE MAIN IS GREATER THAN 8" IN DEPTH, THE CONTRACTOR SHALL PROVIDE A RISER PIPE TO AN ELEVATION 6" BELOW EXISTING GRADE.

NOTES

1. RECORDS OF THE DEPTH OF COVER SHALL BE KEPT FOR ALL HOUSE LATERALS BUILT ACROSS PAVEMENTS. SUCH RECORDS SHALL IDENTIFY THE LATERALS BY THE USE OF HOUSE NUMBERS AND SHALL SHOW LOCATION OF THE END OF THE -HOUSE LATERAL WITH A MINIMUM OF THREE(3) TIES AS SHOWN IN EXAMPLE BELOW.
2. THE CONTRACTOR SHALL OBTAIN ALL HIGHWAY/R.O.W PERMITS PRIOR TO START OF WORK.
3. VENTS AND CLEAN OUTS MUST BE INSTALLED IN LAWN AREAS, NOT IN SIDEWALK OR DRIVEWAY AREAS, PREFERABLY BETWEEN THE CURB OR EDGE OF PAVEMENT AND THE SIDEWALK.

RECOMMENDED STANDARDS FOR WASTEWATER FACILITIES,
2014 EDITION

38.3 RELATION TO WATER MAINS

38.31 HORIZONTAL AND VERTICAL SEPARATION

SEWERS SHALL BE LAID AT LEAST 10 FEET (3 M) HORIZONTALLY FROM ANY EXISTING OR PROPOSED WATER MAIN. THE DISTANCE SHALL BE MEASURED EDGE TO EDGE. FOR GRAVITY SEWERS WHERE IT IS NOT PRACTICAL TO MAINTAIN A 10 FOOT (3 M) SEPARATION, THE APPROPRIATE REVIEWING AGENCY MAY ALLOW DEVIATION ON A CASE-BY-CASE BASIS, IF SUPPORTED BY DATA FROM THE DESIGN ENGINEER. SUCH DEVIATION MAY ALLOW INSTALLATION OF THE GRAVITY SEWER CLOSER TO A WATER MAIN, PROVIDED THAT THE WATER MAIN IS IN A SEPARATE TRENCH OR ON AN UNDISTURBED EARTH SHELVE LOCATED ON ONE SIDE OF THE GRAVITY SEWER AND AT AN ELEVATION SO THE BOTTOM OF THE WATER MAIN IS AT LEAST 18 INCHES (460 MM) ABOVE THE TOP OF THE SEWER. IF IT IS IMPOSSIBLE TO OBTAIN PROPER HORIZONTAL AND VERTICAL SEPARATION AS DESCRIBED ABOVE FOR GRAVITY SEWERS, BOTH THE WATER MAIN AND GRAVITY SEWER SHALL BE CONSTRUCTED OF SLIP-ON OR MECHANICAL JOINT PIPE COMPLYING WITH SECTION 8.1 AND SECTION 8.7 OF THE "RECOMMENDED STANDARDS FOR WATER WORKS - 2012 EDITION" AND SHALL BE PRESSURE RATED TO AT LEAST 150 PSI (1034 KPA) AND PRESSURE TESTED TO ENSURE WATERTIGHTNESS.

38.32 CROSSINGS

SEWERS CROSSING WATER MAINS SHALL BE LAID TO PROVIDE A MINIMUM VERTICAL DISTANCE OF 18 INCHES (460 MM) BETWEEN THE OUTSIDE OF THE WATER MAIN AND THE OUTSIDE OF THE SEWER. THIS SHALL BE THE CASE WHERE THE WATER MAIN IS EITHER ABOVE OR BELOW THE SEWER. THE CROSSING SHALL BE ARRANGED SO THAT THE SEWER JOINTS WILL BE EQUIDISTANT AND AS FAR AS POSSIBLE FROM THE WATER MAIN JOINTS. WHERE A WATER MAIN CROSSES UNDER A SEWER, ADEQUATE STRUCTURAL SUPPORT SHALL BE PROVIDED FOR THE SEWER TO MAINTAIN LINE AND GRADE. WHEN IT IS IMPOSSIBLE TO OBTAIN PROPER HORIZONTAL AND VERTICAL SEPARATION AS STIPULATED ABOVE, ONE OF THE FOLLOWING METHODS SHALL BE SPECIFIED.

- 30-11
- A. THE SEWER SHALL BE DESIGNED AND CONSTRUCTED EQUAL TO WATER PIPE, AS DESCRIBED IN PARAGRAPH 38.31.
- B. EITHER THE WATER MAIN OR THE SEWER LINE MAY BE ENCASED IN A WATERTIGHT CARRIER PIPE THAT EXTENDS 10 FEET (3 M) ON BOTH SIDES OF THE CROSSING. MEASURED PERPENDICULAR TO THE WATER MAIN. THE CARRIER PIPE SHALL BE MADE OF MATERIALS APPROVED BY THE REGULATORY AGENCY FOR USE IN WATER MAIN CONSTRUCTION.

3.02 AIR TESTS, INFILTRATION OR
EXFILTRATION AND DEFLECTION REQUIREMENTS

A. Requirements

1. After backfilling and prior to the final acceptance of the project, the Contractor will be required to perform the following three tests on all sewers built under this project:
- a) Air Tests
b) Infiltration or Exfiltration
c) Deflection Test (15" dia. and smaller).
2. No more than 1,000 linear feet of installed sewer shall be allowed to remain untested.
3. In view of the fact that house laterals and riser pipes often contribute considerable infiltration, such laterals and risers are to be installed and capped, tied and blocked as the work progresses, prior to the air testing of the lines.
4. The Contractor's testing procedures shall be completed in accordance with OSHA Standards for confined space entry. The Contractor will be required to provide and operate all equipment necessary for full compliance for his operation. Equipment such as gas detectors, safety harnesses, ventilating blowers, respirators etc. shall be provided by the Contractor.

SECTION 02595 - 3.02

- B. Air Tests (Required for All Diameters up to and including 36") 10 State Standards Section, 33.94
- 1) This test shall be performed no earlier than 14 calendar days after the trenches are backfilled.
- 2) The procedure for air testing shall be as specified herein. The minimum allowable time for the test pressure to decrease from 3.5 psi to 3.0 psi shall be not less than as called for in the following table:

Minimum Acceptance Times* For Length Shown (min:sec)				
Pipe Diameter	Up to 100'	100 - 200'	200 - 300'	300 - 400'

33"	21:33	43:56	64:38	86:10
36"	25:39	51:17	76:55	102:34

* Erie County Sewer District Inspector will extend time to the next full minute during the test.

3. Pipe lines in sizes up to 36 inches in diameter can be air tested from manhole to manhole for distances not to exceed 400 feet.
4. In wet trenches where pumping to lower the water table is impractical, approved 4" diameter, solid PVC drain pipe (with approved cap) shall be placed at each manhole to extend from a point 6 inches below the lowest invert to the top of the ground. Embed the pipe a minimum of 12" into clean #1 stone. Ground water elevations will be measured at each manhole in order to calculate the groundwater pressure acting on the pipe exterior. The initial air test pressure shall be increased as necessary to overcome the calculated groundwater pressure.

Specifications for
Subdivisions and Sanitary Sewer Extensions

SECTION 02595 - 3.02

5. The testing procedures outlined shall be strictly adhered to.
6. All testing equipment shall be supplied by the Contractor and be in good working condition. Some of the major equipment required for air tests is:
- a) Stop watch graduated in tenths of a second.
b) Compressor of 50 to 100 psi capacity.
c) Bulkheads for pipe.
d) Approximately 100 feet of 3/8" diameter air hose.
e) Pressure gauge - 0 to 5 psi graduated in 1/16th of a pound increments.
f) Three 3/8 inch diameter check valves.

C. Infiltration Tests (Applicable Only if Ground Water is Two Feet Above the Top of the Pipe)

1. This test shall be performed no earlier than 14 calendar days after the trenches are backfilled.
2. Infiltration tests for all sewers constructed under this project shall not exceed 100 gallons per inch diameter per mile of sewer, per 24 hours. Each individual run of sewer (from one manhole to the next manhole if greater than 100 feet) shall comply with the allowable rate of infiltration. All equipment for the tests shall be furnished by the Contractor and be in good working condition.
3. The allowable rate of infiltration given in gallons per mile is not to be construed as a commitment on the part of the District to accept an entire line, where overall infiltration is less than the allowable, while one or more runs contribute excessive infiltration.
4. The infiltration test is intended to measure the water tightness of a sewer as related to the infiltration of ground water and is only applicable if the water table level is 2 feet or higher above the top of the pipe for the entire length of the test section.

Specifications for
Subdivisions and Sanitary Sewer Extensions

SECTION 02595 - 3.02

- a) Approved 4" diameter solid PVC drain pipe (with an approved cap) shall be placed at each manhole to extend from a point 6 inches below the lowest invert to the top of the ground. Embed the pipe a minimum of 12" into clean #1 stone. Ground water elevations will be measured at each manhole so that the ground water level can be correlated with the infiltration measurements.
- b) Before conducting the tests, the water table should be allowed to stabilize at its normal level and verified that it is 2 feet above the top of the pipe during the test period. The test is usually conducted between adjacent manholes with the upstream end of the sewer bulkheaded in a suitable manner to isolate the test section. All service laterals, stubs and fittings should be properly plugged or capped at the connections to the test pipe section to prevent the entrance of ground water at these locations.
- c) A V-notch weir or other suitable measuring device should be installed in the inlet pipe of the downstream manhole. Infiltrating water is then allowed to build up and level off behind the weir until a steady, uniform flow occurs over the weir. Leakage is determined by direct reading from graduations on the weir consecutively for five (5) days and converting the flow quantity to gallons per unit length of pipe per unit of time.
- d) An important factor in applying the test criteria is to properly correlate the variable water head over the length of the sewer being tested to the high ground water level. A minimum of 2 feet of water over the pipe is required at the upper manhole before the infiltration test will be allowed.
5. When a sewer run between two consecutive manholes or chambers is found to contribute infiltration at a rate above the allowable, inspection by television or other cameras may be made by the Contractor so that the defective section of sewer can be located and repaired. Each individual run of sewer (from one manhole to the next manhole if greater than 100 feet) shall comply with the allowable rate of infiltration of 100 gallons per inch diameter per mile of sewer per 24 hours.

Specifications for
Subdivisions and Sanitary Sewer Extensions

SECTION 02595 - 3.02

D. Exfiltration Tests

1. This test shall be performed no earlier than 14 calendar days after the trenches are backfilled.
2. The exfiltration test for all diameter sewers shall be as described below. Although actual infiltration will normally be less than that indicated by the water exfiltration test, the test does provide a positive means of subjecting the completed sewer system to an actual pressure test. Since sanitary sewers are not designed or expected to operate as a pressure system, care must be exercised in conducting the test and correlating the results with the allowable exfiltration limits.
- a) The test is usually conducted between adjacent manholes. Prior to the test, all service laterals, stubs and fittings within the test section should be plugged or capped and adequately braced or blocked to withstand the water pressure resulting from the test.
- b) If manholes are to be included in the test, the inlet pipe to each manhole should be bulkheaded and the test section filled with water through the upstream manhole. To allow air to escape from the sewer, the flow should be at a steady rate until the water level in the upstream manhole provides an average pressure of 5 psi (11.6' head) at the center point of the test section or the upstream manhole is filled. If necessary, provisions should be made to bleed off entrapped air during the filling of the test section.
- c) Once the test section is filled, the water should be allowed to stand for an adequate period of time (one day minimum) to allow for water absorption by the pipe and manhole. After water absorption has stabilized, the water level in the upstream manhole is brought up to the proper test level and this level established by measuring down from the manhole rim or other convenient datum point. After 24 hours, the water elevation should be measured from the same reference point and the loss of water during the test period calculated, or the water can be restored to the level existing at the beginning of the test, and the amount added used to determine the leakage.

Specifications for
Subdivisions and Sanitary Sewer Extensions

SECTION 02595 - 3.02

- d) To exclude both manholes from the test, it is necessary to bulkhead the outlet pipe of the upstream manhole. Provision must be made in the bulkhead for filling the pipe and expelling trapped air.
- e) The water level at the upstream manhole shall be computed and varies above the top of the pipe. Since the sewer is installed on a grade, the test section downstream will most likely be subjected to a greater pressure. Therefore, the test pressure head at the upstream manhole should be adjusted such that the maximum pressure on the pipe being tested is no greater than 10 psi, (23 feet of head).
3. When a sewer run between two consecutive manholes or chambers is found to exfiltrate at a rate above the allowable, inspection by television or other cameras may be made by the Contractor during wet weather, so that the defective section of sewer can be located and repaired. Each individual run of sewer (from one manhole to the next manhole) shall comply with the allowable rate of infiltration of 100 gallons per inch diameter per mile of sewer per 24 hours.
- E. Deflection Test
1. This test shall be performed no earlier than 30 calendar days after the trenches are backfilled.
2. All flexible (PVC) sewers 8" diameter or larger constructed under this project shall be internally checked with a five percent (5%) deflection "go-no-go pig" or Mandrel to determine if the pipes are deflecting excessively. Any section of pipe unable to pass the deflection test "pig test" shall be removed and replaced at the Contractor's expense.
3. Deflection testing mandrels or pig shall be pulled thru the pipe by hand or hand operated winch. Power winches or drives are not permitted.

**NOTICE OF PUBLIC HEARING
2025 - 2026 COMMUNITY DEVELOPMENT BLOCK GRANT FUNDS**

PLEASE TAKE NOTICE, that the Village Board of Trustees of the Village of East Aurora, NY will hold a Public Hearing in the Board Room of Village Hall located at 585 Oakwood Avenue, East Aurora, NY on Monday, October 20th, 2025 at 7:00 pm regarding the use of Federal Community Development funds in the Village of East Aurora.

The Village of East Aurora is eligible for a Federal Community Development grant under Title 1 of the Housing and Community Development Act of 1974, as amended.

The purpose of the Hearing is to provide an opportunity for citizens to express community development and housing needs and to discuss possible projects which would benefit low and moderate-income persons in the Village of East Aurora.

Citizens are urged to attend this meeting to make known their views and/or written proposals on the Village's selection of potential projects to be submitted for possible funding by the Federal Community Development Grant Program.

The meeting room is wheelchair accessible. Those who need special arrangements should call the Village Clerk's Office at 716.652.6000, by October 17, 2025.

BY ORDER OF THE VILLAGE BOARD
Maureen Jerackas
Village Clerk-Treasurer

**Resolution of the Village of East Aurora of a Determination of Significance
pursuant to the State Environmental Quality Review Act (SEQRA) in the matter of
for a Partial Rezoning Request for 192 Oakwood Avenue for Buffalo City Cemetery,**

WHEREAS, the applicant has filed Part I of the Full Environmental Assessment Form, dated May 2, 2025, with this Board, a copy of which is included by reference and made a part hereof, relating to the proposed rezoning of a portion of the property at 192 Oakwood Avenue from SFR – Single Family Residential to OS – Open Space; and

WHEREAS, the Village Planning Commission, after carefully and fully reviewing the application attached thereto, with any and all amendments and modifications, and considering comments and documentation presented for and against the project, voted in the majority recommending not to approve, with no conditions, and the following findings for recommending denial of the application:

1. Preserves the residential home in the village
2. Keeping with the master plan for SFR and the Comprehensive Plan for the Village
3. The Village Attorney recommends against rezoning only a portion of the property for the reasons set forth at the Planning Commission meeting which is hereby incorporated in full

WHEREAS, the Village SEQRA Intake Committee carefully and fully reviewed Part 1 of the SEAF submitted by applicants, and the above-referenced amendments and modifications; and

WHEREAS, the Village SEQRA Intake Committee, after their review of the above, prepared Parts 2 and 3 of the SEAF with a recommendation of the issuance of the Positive Declaration of Environmental Significance for submission to, and consideration by, the Village Board; and

WHEREAS, the Village Board of Trustees, upon taking an independent hard look and reasoned evaluation of the above-referenced information, comments and written documentation, including, but not limited to, Part 1 of the SEAF; comments, recommendations, findings and conditions of the Planning Commission and the recommendation of the SEQRA Intake Committee and that Committee's completed Parts 2 and 3 of the SEAF concerning the potential environmental impacts of the project; all of which are incorporated by reference herein; and

WHEREAS, the Village Board, upon carefully and fully reviewing all the information, comments and written documentation in regard to the project, made a finding that there are no significant environmental impacts.

NOW, THEREFORE, BE IT RESOLVED, that the Village Board of East Aurora as lead agency has determined that the proposed action described in the Full Environmental Assessment Form, submitted by the applicant, for proposed rezoning of a portion of the property at 192 Oakwood Avenue from SFR – Single Family Residential to OS – Open Space, is declared to be a Unlisted Action and is hereby issued a Positive Declaration, signifying there will be significant environmental impacts and a Draft Environmental Impact Statement will be required to be prepared.

The foregoing resolution was duly made by Trustee _____ and seconded by Trustee _____ and carried on October 20, 2025.

Resolution of the Village Board of the Village of East Aurora for an Ordinance for a Local Law in the matter of a request for a portion of the property at 192 Oakwood Avenue to be Rezoned from Single Family Residential to OS – Open Space in the Village of East Aurora, New York

WHEREAS, a Petition to Amend the Zoning Map of the Village of East Aurora, dated May 2, 2025, submitted by Margaret J. Drzewiecki, Esq., of Rupp Pfalzgraf LLC for the property owner Dimitie O'Connor. requests that the property at 192 Oakwood Avenue be rezoned from SFR – Single Family Residential to OS – Open Space; and

WHEREAS, the Village Planning Commission, after carefully and fully reviewing the application, with any and all amendments and modifications, and considering comments and documentation presented for and against the project, voted in the majority recommending not to approve, with no conditions, and the following findings for recommending denial of the application:

1. Preserves the residential home in the village
2. Keeping with the master plan for SFR and the Comprehensive Plan for the Village
3. The Village Attorney recommends against rezoning only a portion of the property for the reasons set forth at the Planning Commission meeting which is hereby incorporated in full

WHEREAS, the Village Board of Trustees conducted a public hearing and took an independent hard look and reasoned evaluation of the above-referenced information, comments and written documentation, including, but not limited to Parts I, II and III of the Full Environmental Assessment Form; comments and recommendations of the Planning Commission; all of which are incorporated by reference herein, and determined that this is a Unlisted Action and issued a Positive Declaration.

NOW, THEREFORE, BE IT RESOLVED AND ORDAINED that the Village Board of East Aurora hereby Adopts a Local Law, approving a portion of the parcel at 192 Oakwood Avenue be rezoned from SFR – Single Family Residential to OS – Open Space.

The foregoing resolution to approve an ordinance adopting a Local Law approving rezoning for a portion of the property at 192 Oakwood Avenue from SFR – Single Family Residential to OS – Open Space, was duly made by Trustee _____ and seconded by Trustee _____ and the following was the Roll Call Vote:

Trustee Cameron-

Trustee Lazickas-

The Local Law was therefore __ approved, on October 20, 2025.

**Resolution of the Village of East Aurora Approving a
Minor Subdivision for 0 Pine Street in the Village of East Aurora, New York**

WHEREAS, an application has been submitted for minor subdivision approval at the above-referenced property; and

WHEREAS, the Village Board referred the application to the Planning Commission for review, comment, and recommendation, and the Planning Commission resolution, recommending the minor subdivision approval, with findings and conditions, is incorporated herein as follows:

Findings:

- a) The applicant has lowered the grades of the proposed residences from the previous submittal.
- b) The proposed project comprises 3 houses on conforming lots.
- c) The traffic safety committee has reviewed the locations of the proposed driveways and found no issues with them.
- d) Residents expressed concerns for traffic safety in the Girard Avenue and Pine Street area; the PC found that these concerns can be more adequately controlled by traffic management on Pine St. and/or Girard Ave.
- e) The amount of traffic from three additional houses will not be a significant increase for Girard Ave.
- f) The applicant has agreed to reduce the maximum setback for the primary structure to 30' from 60' (as permitted in the Village Code)
- g) Max depth of building envelope is 80'.
- h) Max width of 50' for the primary structure.
- i) There will be no driveways on Pine Street.
- j) The application is consistent with the comprehensive plan's recommendation to increase single-family housing within the Village.

Conditions:

- a) The max setback of the front of the building envelope is 30' from the property line for the primary structure
- b) The max depth of the building envelope is 80' from the setback line for the primary structure
- c) The project will have no driveways on Pine Street
- d) Lot 3 driveway must be on the west side of the property
- e) No trees shall be removed or damaged that are currently in the Village right-of-way

WHEREAS, the Erie County Division of Planning has reviewed the same and has no recommendation and deems the matter to be of local concern; and

WHEREAS, the Village's SEQRA Intake Committee considered the application and reviewed Part 1 of the Short Environmental Assessment Form submitted by the applicant and completed Part 2 and Part 3 thereof on behalf of the Village, and it was the determination of the SEQRA Committee that the proposed development plan is an Unlisted Action and would have no significant environmental impact; and

WHEREAS, the Village Board at a public meeting reviewed and considered the comments and all written materials submitted by the applicant and all other information and recommendations before the Board, including minutes of prior Village Board meetings and the recommendation of the SEQRA Intake Committee and Planning Commission; and

WHEREAS, the Village Board has separately considered the environmental impacts of the project, declared itself Lead Agency and issued a Negative Declaration of environmental significance.

NOW, THEREFORE, BE IT RESOLVED, by the Village Board as follows:

1. The Findings of Fact of the SEQRA Intake Committee, the resolution with findings and conditions of the Planning Commission, and the minor subdivision application, including the above-referenced improvement rendering filed with the Village, all information included in the minutes taken in relation to the abovementioned Village Board and Planning Commission meetings are herein incorporated by reference.
2. The resolution of the Village Board considering the environmental impacts of the project and the issuance of a Negative Declaration of environmental significance is attached and incorporated herein by reference.
3. The minor subdivision relating to the proposed project at 0 Pine Street, East Aurora, New York, wherein the applicant proposes to subdivide one existing lot into three new lots, and as detailed in the following documentation:
 - An application for a minor subdivision, dated May 22, 2025 (one page);
 - SEQRA SEAF Part 1 – Project Information Form (three pages);
 - as shown on a drawing (one page, undated and with no indication of the creator), depicting three lots, one with an existing house and two vacant lots;
4. is hereby approved, applying the standards under the Village Zoning Code, the project sits in with the Master Plan and is in harmony with the Zoning Code, and is subject to the following additional conditions:

No trees shall be removed or damaged that are currently in the Village right-of-way

5. The resolution is effective immediately.

The foregoing resolution was duly made by Trustee _____ and seconded by Trustee

TOWN OF AURORA

575 OAKWOOD AVENUE, EAST AURORA, NY 14052
BUILDING DEPARTMENT
(716) 652-7591

MEMO

TO: Mayor Mercurio and Village Trustees
FROM: Elizabeth Cassidy, Code Enforcement Officer
DATE: October 15, 2025

The Building Department has accepted a Special Use Permit application for 670 Main St as submitted by Carner Development Group, agent for owner Bibbdi-Bobbidi-Boo, LLC. The owner intends to convert part 1675 sq feet of the first-floor commercial space for an indoor golf recreation facility. An indoor recreational facility requires a Special Use Permit.

Village Code section 285-50.4C require the Village to submit the applications to Erie County Department of Environment and Planning for their review and comment due to proximity to a state highway (20A/Main St).

Village Code section 285-52.3 requires the Village Board to refer the Special Use Permit application to the Planning Commission for their review and recommendations. The Village Board shall then schedule a public hearing for the application prior to SEQRA determination.

This is an Unlisted action for purposes of SEQRA.

If you have any questions, please contact me at 652-7591.

**Re: Project Narrative as Required by Special Use Permit Application Form
Special Use Permit Application for Indoor Recreation Use: Golf Simulators**
Applicant: Carner Development Group Inc.
Project Site: 670 Main Street, Village of East Aurora, NY (SBL No. 165.17-6-25) and adjoining parking areas.
Property Owner: BIBBIDI-BOBBIDI-BOO, LLC

Dear Village of East Aurora Board of Trustees:

Our firm represents Carner Development Group Inc., the Applicant of the above-referenced Special Use Permit Application for Indoor Recreation Use, specifically a business with golf simulators. This letter is the Project Narrative as required by the Village's Special Use Permit Application Form.

Project Site

The Project Site is 670 Main Street in the Village of East Aurora. The proposed use will be contained within the existing structure, utilizing approximately 1,675 square feet of the first floor. A copy of the Floor Plan is attached hereto. There are no proposed external additions proposed to the existing structure for this Project.

The Project Site is zoned Village Center (VC) which allows the proposed use by Special Use Permit – Indoor Recreation Use for Golf Simulators. Hours of operation are proposed to be Monday through Friday from Noon – 10PM and Saturday through Sunday from 10AM – 10PM. One or two employees will be required while open. The Village Code requires 67 parking spaces for the proposed use and the Project Site and adjoining properties owned by the Property Owner of the Project Site contain more than 67 parking spaces.

The Project Site is a mixed use building currently being redeveloped and has Site Plan Approval from the Village Board of Trustees and was issued a Negative Declaration pursuant to the New York State Environmental Quality Review Act by the Village Board of Trustees.

Village Special Use Permit Criteria

The Village Zoning Code outlines the Special Use Permit Criteria in § 285.52.3 and § 285.52.4, both of which are set forth below with the Applicant's Answer in Red directly following each criterion.

Village Zoning Code § 285.52.3: "Special use permit review considerations"

In granting or denying special use permits, the Village Board shall take into consideration:

1. The compatibility of scale of the proposed project to surrounding uses.

Surrounding Uses are Retail, Restaurant / Bar, Office and Upper Floor(s) Residential Apartments and the proposed use is clearly compatible as it is a low volume use and entirely enclosed within an existing building.

Additionally, the New York State Court of Appeals, which is the highest court in New York State, has consistently held that the inclusion of a use via special use permit is "tantamount to a legislative finding that the permitted use is in harmony with the general zoning plan and will not adversely affect the neighborhood."¹

2. The potential for the proposed use to have negative impacts, such as traffic or noise, on neighboring uses.

The proposed use will not have negative impacts. It is a low volume use so there are no traffic issues and the Project meets the parking requirements. The use is indoors, so noise is not an issue.

3. The economically viable use of property;

The proposed use is becoming increasingly popular so it is an economically viable use. It is believed that the proposed use is the first in the Village of East Aurora thereby increasing economic viability.

4. The existence or proposition measures that would tend to mitigate potential adverse impacts and preserve or enhance the traditional character of the Village.

None needed. No potential adverse impacts regarding the proposed use. To the contrary, the proposed use is part of an adaptive reuse of an existing structure which is consistent with the goals of the Regional Comprehensive Plan:

¹ Retail Prop. Trust v. Bd. of Zoning Appeals, 98 N.Y.2d 190, 195, 774 N.E.2d 727, 731, 746 N.Y.S.2d 662, 666 (2002).

- Page 24 of Regional Comprehensive Plan: "Encourage the adaptive reuse of existing structures."
- Page 24 of Regional Comprehensive Plan: "However, there is significant potential for the re-use of existing structures, and for some in-fill development."

5. Any applicable requirements of Article 31, Regulations for Certain Uses, of this chapter.

Not Applicable.

Village Zoning Code § 285.52.4: "Special use permit review considerations"

Before issuing a decision for a special use permit, the Village Board shall make specific written findings that the proposed use:

A. Will be generally consistent with the goals of the Village Comprehensive Plan.

The proposed use is consistent with the Regional Comprehensive Plan, including the below specific portions of the Regional Comprehensive Plan:

- Page 10 of Regional Comprehensive Plan: "Provide and improve recreational opportunities and parks."
- Page 12 of Regional Comprehensive Plan: "Encourage investment and economic development."
- Page 14 of Regional Comprehensive Plan: "Provisions for Economic Development—Economic development is needed to provide diverse job opportunities, provide needed services to residents, and balance the tax base, but the level of economic development appropriate for each community varies. In general, economic development efforts should be focused primarily on existing concentrations, such as the Village and hamlet commercial districts, and the existing industrial areas of Elma and, at a smaller scale, Holland. In-fill, expansions and redevelopment are preferred, and business development, whether retail, commercial or industrial, should occur where there is sufficient infrastructure to support it. Tourism has the potential to provide job growth, building upon each community's assets (heritage tourism in East Aurora; outdoors recreation in Holland, etc.) but should be carefully planned to avoid negative impacts (congestion, etc.)."

- Page 15 of Regional Comprehensive Plan: "Use of recreational facilities and open space should be compatible with the capacity of the resource, with more active uses designated for lands that can accommodate the usage."
- Page 23 of Regional Comprehensive Plan: "Provide for a coordinated approach toward recreational opportunities and open space preservation in the region."
- Page 24 of Regional Comprehensive Plan: "Maintain the existing high quality of life in the region."
- Page 24 of Regional Comprehensive Plan: "Support the existing economic base of the area and the expansion of existing businesses."
- Page 24 of Regional Comprehensive Plan: "Encourage the adaptive reuse of existing structures." (Page 24)
- Page 35 of Regional Comprehensive Plan: "Ensure that development is compatible with the existing character of the Village in terms of style and scale, and is integrated into the surrounding area to promote community interaction."
- Page 35 of Regional Comprehensive Plan: "Provide opportunities for existing enterprises to expand within the Village."
- Page 35 of Regional Comprehensive Plan: "Encourage a diversity of retail and commercial uses in the Village business district."
- Page 35 of Regional Comprehensive Plan: "Promote the re-use of existing, vacant facilities for new and expanding retail, commercial and manufacturing establishments."
- Page 35 of Regional Comprehensive Plan: "Encourage and promote opportunities for start-up businesses and local entrepreneurial efforts."
- Page 156 of Regional Comprehensive Plan: "All understand the importance of the economy of the region and its needs, and are willing to encourage to some extent the growth of business within their community."

- Page 156 of Regional Comprehensive Plan: "Recreational opportunities are important to the region, including the availability of these opportunities."
- Page 160 of Regional Comprehensive Plan: "Protect, promote and revitalize the uptown Main Street business district."
- Page 212 of Regional Comprehensive Plan: "However, there is significant potential for the re-use of existing structures, and for some in-fill development."
- Page 212 of Regional Comprehensive Plan: "It should be a priority to support and preserve the vitality of the Main Street retail corridor in the Village."
- Page 213 of Regional Comprehensive Plan: "In general, economic development efforts within the Village should target retail and commercial development."
- Page 235 of Regional Comprehensive Plan: "The traditional commercial business area is centered on the Main Street and along the railroad corridor. This area should allow for expansion of commercial activity and supply the necessary support services, such as parking areas, to supplement this commercial activity."

B. Will meet all relevant criteria set forth in this chapter.

Project meets all relevant criteria. See above and below.

C. Will be compatible with existing uses adjacent to and near the property.

Surrounding Uses are Retail, Restaurant / Bar, Office and Upper Floor(s) Residential Apartments and the proposed use is clearly compatible as it is a low volume use and entirely enclosed within an existing building.

Additionally, the New York State Court of Appeals, which is the highest court in New York State, has consistently held that the inclusion of a use via special use permit is "tantamount to a legislative finding that the permitted use is in harmony with the general zoning plan and will not adversely affect the neighborhood."²

- D. Will not create a hazard to health, safety or the general welfare of the public.

Project will not create a hazard to health, safety or the general welfare of the public.

- E. Will not alter the essential character of the neighborhood nor be detrimental to the neighborhood residents.

Project will not alter the essential character of the neighborhood nor be detrimental to the neighborhood residents.

Surrounding Uses are Retail, Restaurant / Bar, Office and Upper Floor(s) Residential Apartments and the proposed use is clearly compatible as it is a low volume use and entirely enclosed within an existing building.

No planned additions or changes to exterior of existing structure.

- F. Will not be a nuisance to neighboring land uses in terms of the production of obnoxious or objectionable noise, dust, glare, odor, refuse, fumes, vibrations, unsightliness, contamination or other similar conditions.

Project will not be a nuisance to neighboring land uses in terms of the production of obnoxious or objectionable noise, dust, glare, odor, refuse, fumes, vibrations, unsightliness, contamination or other similar conditions.

- G. Will not cause undue harm to or destroy existing sensitive natural features on the site or in the surrounding area or cause adverse environmental impacts such as significant erosion and/or sedimentation, slope destruction, flooding or ponding of water, or degradation of water quality.

No planned additions or changes to exterior of existing structure, therefore not applicable.

- H. Will not destroy or adversely impact significant historic and/or cultural resource sites.

No planned additions or changes to exterior of existing structure, therefore not applicable.

- I. Will provide adequate landscaping, screening or buffering between adjacent uses which are incompatible with the proposed project.

No planned additions or changes to exterior of existing structure, therefore not applicable.

- J. Will not otherwise be detrimental to the public convenience and welfare.

Project will not otherwise be detrimental to the public convenience and welfare.

Accordingly, we request that the Special Use Permit be granted. If anything further is required, please advise.

Sincerely,

HOPKINS SORGI & MCCARTHY PLLC

Designation of 670 Main Street as a Local Landmark Pursuant to §156-3 of the Village Code

Trustee _____ offered the following resolution and moved for its adoption:

WHEREAS, by application dated July 1, 2025, Mary Del Vecchio, agent for Carner Development Group, requested that their property located at 670 Main Street be designated as a local landmark, pursuant to Village Code §156-3; and

WHEREAS, the Historic Preservation Commission reviewed the documentation submitted and held a public hearing on August 13, 2025; and

WHEREAS, the Historic Preservation Commission voted 6 AYE and 1 NAY to designate 670 Main Street as a local landmark, and

WHEREAS, the application was forwarded and considered by the Village Board of Trustees; and

WHEREAS, designation as a local landmark is a way to honor and recognize those properties that contribute to the historic character of our Village and to protect such historic resources;

NOW, THEREFORE, BE IT RESOLVED, pursuant to Village Code §156-3(A), the Village Board of Trustees does hereby approve and designate 670 Main Street, East Aurora, NY as a local landmark; and

BE IT FURTHER RESOLVED, that the property owner of 670 Main Street shall comply with the provisions as set forth in §156 of the Village Code.

The foregoing resolution was duly seconded by Trustee _____ this 15th day of September 2025 and unanimously carried.

The Historic Preservation Commission received and reviewed the application to consider 670 Main St First National Bank of EA/ Liberty Bank Building as a local landmark. The application was reviewed, a public hearing held, and the Commission voted to approve the designation.

We reviewed historic photographs, historic maps, and enlisted the aid of the Village Historian Rob Goller. Mary Ann Colopy (Chair) reviewed the archival holdings regarding this building, which include physical artifacts and volumes of business records. A site visit showed that the building is substantially unaltered in exterior appearance. The application narrative presented reinforces our findings.

670 Main St meets local landmark classification under several criteria of local code 156-3

1. Possesses special character or historic or aesthetic interest or value as part of the cultural, political, economic or social history of the locality, region, state or nation.
2. Is identified with historic personages;
3. Embodies the distinguishing characteristics of an architectural style;
4. Is the work of a designer whose work has significantly influenced an age; or
5. Because of unique location or singular physical characteristic, represents an established and familiar visual feature of the neighborhood.

EAST AURORA HISTORIC PRESERVATION COMMISSION
INSTRUCTIONS AND PROCEDURES FOR
NOMINATION FOR
DESIGNATION OF LANDMARK OR HISTORIC DISTRICT

(Pursuant to Chapter 156 of the Village Code)

IMPORTANT NOTE: *The Commission is mindful that the application form is somewhat lengthy and detailed. Do not be discouraged! It is that way only to lessen the possibility that relevant information may be omitted. The Commission is aware that much of the information requested may be either non-applicable, unavailable or irrelevant. The Commission is willing to be flexible in this regard and does not wish to deter the public from submitting an application. Therefore, the applicant should feel free to leave blanks in the form where appropriate.*

1. Nomination Form. The applicant should complete and sign the nomination form and submit the original to:

East Aurora Historic Preservation Commission
c/o Village Administrator
Village of East Aurora
585 Oakwood Avenue
East Aurora, New York 14052

Be sure to make a copy of the nomination for yourself.

2. Additional Materials. To the extent applicable and available, the application should be accompanied by:
 - Photographs of the property (new and old, if available).
 - Scaled site plan or survey of the property, if applicable and available.

- Legal description of the property (*i.e.*, from a deed), if available.
- Clippings from newspapers, books, magazines or other publications which relate to the property, if any, if available.
- Portions of historic surveys or reports which relate to the property, if any, if available.

The applicant's name should be noted on all materials submitted, which may not be returned. Photocopies are acceptable.

3. Public Hearing. Once the nomination form has been completed and the accompanying materials submitted, the nomination will be scheduled for a public hearing before the Commission as soon as practicable. The Commission meets monthly (second Wednesday) at 6:15p.m. in the upstairs conference room of the Municipal Hall at 585 Oakwood Avenue. The applicant (or the applicant's agent, if applicable) will be notified of the hearing date and should plan on appearing in person. The owner of the property (if different from the applicant) will also be notified by registered mail. Any other supporters of or opponents to the application may also be heard. The Commission may request additional information relating to the proposed designation. The Commission may adjourn the hearing pending receipt of such additional information, or for other reasons, in the Commission's discretion.
4. Criteria. Section 156-3 of the Village Code, entitled "Designation of Landmarks or Historic Districts", states that a property may be designated as a landmark if it:
 - i) Possesses special character or historic or aesthetic interest or value as part of the cultural, political, economic or social history of the locality, region, state or nation; or
 - ii) Is identified with historic personages; or
 - iii) Embodies the distinguishing characteristics of an architectural style; or
 - iv) Is the work of a designer whose work has significantly influenced an age; or
 - v) Because of unique location or singular physical characteristic, represents an established and familiar visual feature of the neighborhood.

It also states that a group of properties may be designated as an historic district if it:

- i) Contains properties which meet one or more of the criteria for designation as a landmark; and
- ii) By reason of possessing such qualities, it constitutes a distinct section of the Village.

5. Decision. As soon as practicable, the Commission will issue a written decision on the nomination. A copy of the decision will be mailed to the applicant (or the applicant's agent, if applicable), as well as to the owner (if different from the applicant) and to any other persons who appeared on the record at the hearing (provided they furnished a mailing address for that purpose).
6. Village Board Approval. If the Commission designates a property as a landmark or a group of properties as an historic district, as soon as practicable the Commission shall present such designation to the Village Board of Trustees for approval.
7. Plaque and/or Certificate. If the owner of a designated landmark or historic district so wishes and requests, the Commission may present the owner with a plaque and/or certificate commemorating such designation, the form, content and design of which shall be specified by the Commission. The owner shall be responsible for prepayment of any expense associated therewith.

East Aurora, NY**

Description

The First National Bank of East Aurora at 670 Main Street is a two-story (with basement) white brick commercial bank building in the Village of East Aurora in Erie County, New York. Constructed in 1911-1912 to house the First National Bank of East Aurora, the building served as a bank until 2021. The building was also designed to house a commercial storefront to the east, which served as a drugstore into the mid-twentieth century, separated by a brick dividing wall with no internal connections to the bank in the west. The building was designed with Classical Revival details, a style often utilized to convey the trustworthiness and stability of the public banking system during the early twentieth century.

The building is located at the northeast corner of Main Street and Church Street in the Village of East Aurora. Main Street, the commercial artery of the village, also designated as NYS Route 16, is a predominately north-south state highway that connects the Pennsylvania border to the south with State Route 5 in Buffalo to the north. It runs east-west through the Village of East Aurora at this location. The building is situated by other brick and frame commercial buildings of similar heights and setbacks, built during the late nineteenth and early twentieth centuries. The popular five-and-dime store of Vidler's is located directly adjacent to the east and another historic bank building, the Bank of East Aurora (1923, NR Listed 2021), is across Main Street to the southwest about a block away.

The First National Bank of East Aurora is situated on a rectangular lot that extends north from Main Street along the east side of Church Street. It is setback from the streets by a concrete sidewalk to the south and west, about ten feet on Main Street and about five feet on Church Street. A pedestrian streetlight is located at the curb at the corner, with breaks in curbing to cross the streets to the south and west. The building reflects a change in grade for the site, with a raised basement that accommodates a slope downwards to the north. The full-height brick rectangular block faces Main Street, with one-story plus basement brick portions stretching to the rear. A midcentury drive-through portion was added to the rear (north) in 1955. It accesses an asphalt parking lot through a break in the curbing on Church Street.

The building reflects its three major stages of construction moving northwards, although the primary elevation facing south onto Main Street presents only the original construction period from 1911-1912. The original portion is two stories above a raised basement, effectively three stories total above grade. Moving north, the subsequent construction periods are marked by rectangular brick additions that are one story shorter in height. These portions were constructed in 1924 and 1955, respectively moving from south to north. The 1924 addition is a small two-bay-wide brick extension with flat roof. The 1955 addition is more extensive, with an

L-shaped massing, porte-cochere for vehicular access at ground level at its south end, and drive-through teller at the north end.

The primary elevation faces south onto Main Street, with a five bays wide façade divided into two parts: the three-bay bank to the west and the two-bay commercial storefront to the east. A solid brick party wall divides these two portions, slightly recessed from the rest of the elevation and visible from the exterior. A concrete cornice with dentils unites the south elevation and wraps around the west elevation below the flat roofline. The building is largely intact, although the original windows in the bank portion have been replaced with nonhistoric aluminum one-over-one windows by Liberty Bank in the 1970s, after the period of significance. The northernmost addition retains one-over-one sash windows, likely dating to their construction in 1955.

The bank portion has a recessed central entrance with glass doors and transom dating to ca. 1960. The doorway is framed with a brick surround, which may be covering the historic surround. A secondary entrance is located in the west bay, with a glass door and transom within the historic, expanded rectangular window opening. The first-floor window openings have concrete keystones and concrete sills on the east and west elevations. The upper floor windows have thin concrete sills, with a paired window in the central bay. The bays are divided by thin brick pilasters culminating in round concrete modillions below the cornice. A concrete ramp with metal handrails accesses the entrance, as well as two concrete stairs.

The storefront portion to the east is two bays wide, featuring the same cornice and concrete modillions as on the west portion. The storefront has a recessed central entry with glass door and nonhistoric glass storefront windows above a red brick base. The storefront is nonhistoric, with an awning above. An offset entry accesses the upper floor. On the second floor, a single window and a tripartite window occupy the bays in an asymmetrical organization, linked by a single concrete sill spanning both windows.

The west elevation is six bays wide in the original 1911-1912 portion, with a two bay wide 1925 addition and an L-shaped five-bay wide 1955 addition moving from south to north. A two-bay wide drive-through, also constructed ca. 1955, is located at the northern end. In the 1911-1912 portion to the south, the raised basement visible accommodates the downward slope of the site, with glass block windows of diminishing sizes moving southward. A secondary entrance is located in the northernmost bay. A concrete belt course separates the basement level from the upper floors. On the first floor, the first, fifth, and sixth bay from the south each had single fixed pane windows in historic openings with concrete sill, beneath concrete keystones matching those on the south elevation. A diamond-shaped motif surrounded by rectangular header rows is located above the windows in the northern bays. The three central openings have openings with larger concrete keystones set with a round arch with five header rows, with fixed triple pane windows above concrete sills. The top floor has two single window openings in each bay

above the round-arched windows, linked by a concrete sill. The outer bays have a single window in each bay, with concrete sills. Thin brick pilasters topped with concrete round modillions divide each bay, matching those on the primary elevation.

~~The interior plan, form, and materials reflect the building's historic use as a bank, with a separate storefront to the east.~~ In the bank, the first floor is accessed from the south elevation, entering onto a single open space. There are concrete floors and windows along the west wall. Near the primary entrance, an L-shaped staircase leads to the second floor offices. A square newel post and curved handrail with paneled baluster rail lines the stairs, with beadboard paneling rising halfway up the wall in the stairwell. Upstairs, the space has been stripped to a mostly open space, though steel framing for subdividing walls indicates the floor plan. Historic window openings remain intact in their original locations.

The building remains intact with sufficient architectural integrity to convey its history as a bank in downtown East Aurora's commercial corridor on Main Street. The building's brick façade, historic window openings, fenestration patterns, and interior form and materials are intact to convey the utilization of the Classical Revival style to a bank building in the Village of East Aurora.

Significance

The First National Bank of East Aurora contributed to the development, growth, and prosperity of downtown East Aurora, NY during the early to mid-twentieth century. The building is significant under Criterion C in the area of Architecture as a representative intact example of an early twentieth-century Classical Revival style bank building. The bank is typical of many small, local banks constructed in the first half of the twentieth century in its use of Classical Revival design, which helped to establish trust in the public banking system. The building is also significant under Criterion A in the area of Commerce as a local example of a branch for a large, federally established bank that supported the economic growth and prosperity of East Aurora for over a century. During its fifty years of operation, first as the First National Bank (1911-1916) and then as the Erie County Trust Company (1916-1961) the bank served as an economically and architecturally significant part of East Aurora's history. Its history is connected to the early growth and subsequent larger shifts in regional banking that occurred throughout the twentieth century, including the transitions from a locally owned First National Bank to the Erie County Trust Company.

The period of significance begins with the construction of the building in 1911 and ends when the bank was sold to the Liberty Bank of Buffalo in 1961. The closure of the Erie County Trust Company marked the end of all major local ties to the establishment of the building as a bank in 1911. All major changes to the building, including the rear additions in 1925 and 1955, were completed within this period of significance.

History of the Building, 1911-1961

The First National Bank of East Aurora is a good representative example of a 1910s commercial bank building that served as a single use for over a century. It was constructed in 1911-1912 as a bank and continued to be used for that purpose until 2021, demonstrating the evolution of banking activity on Main Street over time. The adjacent storefront, separated by a party wall but designed and constructed by the same architect, operated as a drug store through the period of significance.

First National Bank

The First National Bank was officially organized about a year before the bank building was completed. In early 1911, the bank was organized with a capital of \$50,000 and a paid up surplus of \$10,000. There were thirty stockholders at its founding, nearly all of whom were businessmen of the Village of East Aurora. Seymour H. Knox was among the stockholders as well. The bank opened in June 1911 in temporary headquarters in the Baetzhold Block while the building was under construction.

In June 1911, the First National Bank purchased the former William A. Gerber property at the corner of Church and Main Street in the Village of East Aurora. The east portion of the site was divided and sold to E.M. Cummings, a local drug store owner who the bank shared the building with throughout the period of significance (see section below).

Architect Aaron R. Merritt, working with Thomas W. Harris as of that year, was commissioned for the building in 1911. Merritt was born in East Aurora in 1883, went to East Aurora High School and then Yale, studying architecture at MIT. Merritt and Harris worked together until 1922, after which time Merritt continued to design buildings through the 1930s. They designed many buildings in East Aurora, including the East Aurora High School and the Bank of East Aurora (both extant).

The building was completed in 1912, with the bank occupying their space by May of that year. The bank's public space was on the first floor, with offices in the raised basement and second floor. The *East Aurora Advertiser* described the building at that time: "The structure is handsome on the outside and a big addition to our business section, but the inside is more beautiful than the outside."¹ Inside, the main room was "large, light and airy," with marble floors, white marble counters and mahogany trim. A private office and a small ladies rest room was located off the main space, and a director's room was located to the rear. The bank

contained a vault, with a massive door, time lock and 'modern appliances,' with a large safe and steel file cabinet.

Erie County Trust Company

In 1916, the First National Bank of East Aurora became the Erie County Trust Company. The original directors remained affiliated, with Abbott Griggs (also a director) serving as president of the bank both before and after the transition, until he died in 1917.

World War I was a profitable time for the bank, as it immediately proceeded to help the government with financing the war effort. The Erie County Trust Company, like other banks, promoted the sale of war bonds. They also donated a dividend of one percent to the American Red Cross. In 1918, the Federal Reserve Bank of New York awarded a Certificate of Distinguishment of Financial Service to the Erie County Trust Company for its effort on bond sales during the war. The bank's resources exceeded one million dollars for the first time that year.

In 1921, the Erie County Trust Company installed a modern burglar alarm system and a brightly illuminated two-sided copper, bronze, and plate glass clock that chimed each quarter hour on the front of the building. The clock helped to distinguish the bank from another bank down the street, the Bank of East Aurora. In 1922, that bank was constructing a new bank building across the street from the nominated building. There was a friendly competition between these banks for many decades. The clock was featured in advertisements for the Erie County Trust Company until the 1940s, demonstrating its function as a branding device.

In 1923, an addition was constructed at the north end of the bank. Designed by the same architecture firm, Merritt and Harris, the addition provided space for an updated security vault, new director's room, and additional work space. The land required for this addition was available subject to the right of way by E.M. Cummings, the drugstore owner occupying the east portion of the building. The rights were granted, and the addition was completed in 1924.

This addition added about twenty-four feet of space to the original building footprint. The original vault inside the bank was destroyed, enabling more work space in the main public room. A new vault was constructed in the addition, as well as a small book vault. A large vault for storage of bulky objects was also located in the basement level. Over fifty tons of steel was used in these vaults. A new bank director's room was built on a mezzanine at the rear. The addition cost about \$26,000, with over half of that cost on the vaults themselves.

The Erie County Trust Company also withdrew from the Federal Reserve system in 1923. Relationships had been cordial, but since reserve requirements were higher than for non-

member state banks, membership provided very few benefits and, at least to some degree, limited earnings due to high reserves.

The bank continued to grow during the 1930s, despite the Great Depression. By 1926, its resources exceeded two million dollars. The economic crash of 1929 was not immediately felt by the Erie County Trust Company, as that had been the bank's most profitable year overall. The population of East Aurora also increased rapidly during the 1920s, by about 29% over all, leading to a bigger customer base for the bank. In 1933, George E. Merrill, President of the Erie County Trust Company at the time, was the only small town banker appointed to the New York State of Reconstruction Finance Corporation. The Committee was set up in accordance with President Roosevelt's pronouncement that there should be a New York office of the RFC, in response to the financial crisis of that year.² In 1935, the bank was among many others that were authorized to grant mortgages under provisions of the National Housing Act. By 1937, deposit growth had resumed and the bank resources were again over two million dollars.

In 1938, Norton became the bank's President after Merrill's retirement. He began discussing remodeling plans, but did not act on it due to the onset of World War II. In 1940, minor changes were made to the bank's interior, which included the "rearrangement of the L-shaped Lobby into more easily adaptable U-shaped units and the addition of two extra tellers windows. A vault ventilator was also installed in the upper vault."³

World War II brought staff shortages and temporary employees were hired. It also brought money, as deposits into the bank increased to over three million dollars, and all time high at the time. In 1943, Miss Helen Whitney was elected Assistant Secretary, the first woman to be elected an officer by the bank. Over one million dollars in war bonds were sold by the bank that year.

In the postwar period, high employment and lack of consumer spending meant that the company experienced growth in deposits to over five million dollars by 1944 and over six million by 1945. The U.S. Treasury department thanked the bank for its participation and patriotic cooperation on behalf of the Seven War Loan program with a certificate.

In 1948, minor renovations were conducted to reorganize the bookkeeping department and to increase space and efficiency of the layout, although details regarding this renovation have not yet been uncovered. It is likely that these were surface level changes, such as new furniture and arrangements.

A more substantial addition was made to the bank in the 1950s. In 1954, bank President Norton was granted authority to purchase land immediately north of the bank and erect a new addition. This addition primarily served the purpose of a drive through bank teller operation, the first ever in East Aurora. Built by the John Cower Company beginning in November 1954, the addition was completed by 1955. A house previously on the site was moved to make way for the addition.

The addition opened in 1955, making front page news in the local newspaper as the first bank in the region to open a drive through service. Over 1000 people attended the opening. The new addition was described, with the "lower floor drive in window, as well as employees lounge above on the second floor, additional teller windows in the old building, department quarters and loan division with the main vault door being moved to north side, to provide new safe deposit facilities." A few other changes were made to the original building portion at this time, as images show a new doorway surround of granite stating 'Erie County Trust Co.' over the main entrance, with new glass doors as well.

Only a few other small changes occurred before the period of significance ended. In 1956, the Griggs clock, from the estate of the previous bank director Griggs, was moved into the bank lobby. In 1960, the 1921 clock was replaced with a new digital clock attached to the exterior near the roofline.

In 1961, the Erie County Trust Company was consolidated to become the Liberty Bank of Buffalo. This change marked a new flow of investment and banking operations, as the bank was no longer as firmly rooted in local business as when it was run and owned by primarily East Aurora businessmen.

Commercial (East) Storefront

The commercial storefront to the east is located on a separate parcel with a separate address (674 Main Street), with a different owner than the bank at 670 Main Street. This is both a historic and present condition. It was designed and built, however, by the same architect at the same time as the bank to the west.

When the site was purchased by the bank in 1911, it was also shared with E.M. Cummings, owner of the drug store that occupied the building once it opened. Both parts of the building today occupy the site that once belonged to William A. Gerber. When the site was purchased, the First National Bank directors planned to build their bank upon the site. They worked with E.M. Cummings to share the costs of construction for the building, which would also house a storefront portion to the east, separated by a solid brick party wall. Archival materials at the Aurora Historical Society state that E.M. Cummings purchased a portion of the Gerber parcel and also paid for the construction of his portion of the building to the east:

akta preservation specialists

422 Parker Avenue, Buffalo, New York 14216
716.864.0628

At the same meeting, there was sold to E.M. Cummings 24 feet of the frontage to the east side of the lot with 90 foot depth, together with a right of way across the north side. The building plans call for the erection of a two-story brick building, 50 x 70 feet containing the bank in west 32 feet and E.E. Cumming Store in the east 24 feet. Mr Cummings reimbursing bank for cost of the erection of his store.⁴

In this arrangement, it seems that E.M. Cummings purchased his half of the parcel and funded the construction of his half of the building. Architect Merritt designed it as a single brick building with two fully divided portions, with distinct storefronts and entrances but a shared ornamentation with a unifying cornice.

E.M. Cummings moved into his storefront space in March 1912, a few months before the bank officially opened. Cummings operated his drugstore there, later known as Rexalls Drug store, for the rest of his life. He sold the building and business in 1952, and a party wall agreement was arranged with the new owner. Later, Rexalls became known as Larwoods, still operating as a drug store. Larwoods relocated to Oakwood Avenue after the period of significance, where it is still in operation today.

Bank Buildings in the Village of East Aurora

The First National Bank of East Aurora is situated, geographically and historically, amongst two other bank buildings in the downtown commercial corridor of the Village of East Aurora. The First National Bank building was the longest to be in continual operation as a bank, amongst these three examples.

The oldest remaining example is the bank building at 710 Main Street, although it has been substantially altered with nonhistoric materials and form to detract from its architectural integrity. It was designed in 1890 by Bethune and Bethune, the firm of America's first professional female architect Louise Bethune. It features Romanesque Revival style details such as a sandstone massing and round arched windows, although its storefront and fenestration has been muddled from its original form. This served as the sole bank, the Bank of East Aurora, until the First National Bank of East Aurora opened in 1911. After serving as the Bank of East Aurora, 710 Main Street later housed the East Aurora Advertiser and now houses Revolver Records.

The Bank of East Aurora at 649 Main Street is a newer example of a bank building in the Village of East Aurora. Constructed in 1922, this Classical Revival style bank building was designed by Aaron Riley Merritt, the same architect who designed the nominated building in the previous decade. A friendly competition existed between the Bank of East Aurora and the newer First National Trust (by then, Erie County Trust Company). The Bank of East Aurora's new building in

1922 utilized the Classical Revival style to a grander extent than the more modest application of the style in the nominated 1911 building. Its larger size and more elaborate ornamentation aimed to attract customers away from the competing Erie County Trust Company bank at the time, designed by the same architect. The Bank of East Aurora building at 649 Main Street was listed on the National Register in 2021 and has been adaptively reused as a hospitality space.

After the Period of Significance, 1961-2024

After the bank consolidated to become the Liberty Bank of Buffalo in 1961, a few changes were made to the building. The Liberty Bank removed the historic wood sash windows in many places, replacing them with aluminum one-over-one windows sometime in the 1970s. The roofline clock was replaced with a more recent low hanging clock in the 1970s as well. In subsequent decades, the bank changed names several times due to buyouts and mergers. During the late twentieth century, it served as Liberty Bank, Norstar, and Fleet, in that order. By the early 2000s, it served as a Bank of America.

The Bank of America announced its closing in 2021.⁵ By 2022, the bank was closed and the space was vacant. At the time it closed, the Bank of America donated the old Griggs clock from the bank lobby to the Historians Office in the Aurora Historical Society, along with some archival materials. The bank has remained vacant through that time into 2024. The adjacent storefront to the east is still occupied, currently operating as a salon.

MEMO

TO: Mayor Mercurio and Village Trustees

FROM: Richard Miga, Assistant Code Enforcement Officer

DATE: October 7th, 2025

REFERENCE: Village Code 108-4I – Expired Building Permit

PROPERTY OWNER:

Amy Sue Martin
51 Paine Street
East Aurora, NY 14052

The property at 51 Paine Street (SBL: 164.20-9-12) has an expired permit. As stated in Village Code Chapter 108-4I – Time Limits, building permits shall become invalid unless the authorized work is commenced within six months following the date of issuance, and a building permit shall expire 12 months after the date of issuance. The permit 2024-091 (a renewal of permits 2022-228 & 2022-229) has expired since 3/15/25 and has outstanding inspections to complete the permit application.

Notices of Expiration were sent to the owner on 2/20/25 and 3/20/25 in regular mail, and Notices of Violation were sent to the owner via certified mail on 6/24/25, 8/13/25, and 9/9/25.

The Building Department requests that this violation be referred to the Town's prosecutor for Judicial Court action. Attached are the notices and supplemental documentation.

If you have any questions, please contact me at 652-7591.

RESOLUTION DESIGNATING POLLING PLACE AND HOURS POLLS ARE OPEN

Trustee _____ offered the following resolution and moved for its adoption:

WHEREAS, the next General Election for officers in the Village of East Aurora, New York, will be held on Wednesday, March 18, 2026, and

WHEREAS, Section 15-104 (3) (b) of the Election Law of the State of New York states that the Village Board of Trustees must designate by Resolution the polling place in each election district, and the hours during which polls are open.

NOW, THEREFORE, BE IT RESOLVED:

- 1) That the one (1) polling place in the Village of East Aurora will be in the East Aurora Municipal Center, 575-585 Oakwood Ave, East Aurora, New York 14052; and
- 2) Polls will be open for the General Village Election to be held on Wednesday, March 18, 2026, between the hours of 12 noon and 9:00 pm.

The foregoing resolution was duly seconded by Trustee _____ and unanimously adopted.

BridgeNY Culvert Local Project
Intermunicipal Agreement
Project Identification Numbers: 5765.46 & 5765.54
Project Name: Bridge NY Culvert Replacement Project Brooklea Drive over Tannery
Brook & Shearer Avenue over Tannery Brook
Location: Village of East Aurora, Town of Aurora, New York

This Intermunicipal Agreement ("Agreement"), dated as of _____, 2025, is by and between the Village of East Aurora (the "Village") and the Town of Aurora (the "Town").

WHEREAS, on November 20, 2018, the NYS Court of Appeals ruled that the Town of Aurora is responsible for the repair and maintenance of any "bridge structures" within the Village of East Aurora unless or until the Village assumes control in accordance with Village Law Sec. 6-606; and

WHEREAS, the Village has not assumed control of the Brooklea Drive bridge over Tannery Brook or the Shearer Avenue bridge over Tannery Brook in accordance with Village Law Sec. 6-606; and

WHEREAS, both before and after completion of the Projects (as defined below), the Town is the legal owner of both structures and is fully responsible for the maintenance of the structures until and unless otherwise elected by the Village in accordance with Village Law Sec. 6-606; and

WHEREAS, both structures have been evaluated by independent professional engineers and found to be in structurally poor condition; and

WHEREAS, the Town of Aurora sought and received a grant for each structure through the New York State Department of Transportation Bridge New York program ("NY Bridge Funding") which stipulates strict procedures for the design of the work elements and schedule for which these bridge structures must be reconstructed (the "Projects"); and

WHEREAS, once the Projects are completed, the bridge structures will be available at all times for use by the public; and

WHEREAS, by resolution of the Town Board on October 28, 2024, the Town of Aurora shall be responsible for all costs of the Projects, including costs which exceed the amount of reimbursement available from the NY Bridge Funding; and

WHEREAS, the Town of Aurora has hired a professional engineering firm to design these structures, which designs were approved by NYSDOT; and

WHEREAS, the professional engineering firm anticipates that the useful life of the Projects will be seventy-five years (75) with respect to bridges, fifty (50) years with respect to culverts and twenty-five (25) years with respect to pavement; and

WHEREAS, the Town of Aurora shall ensure that Village property shall be restored to original condition, if disturbed; and

WHEREAS, the professional engineering design firm will assemble bid documents following the NYSDOT procedures for competitive bidding to be awarded to the lowest responsible bidder; and

WHEREAS, the lowest responsible bidder will need to access the bridge structure sites and the area around the structures which are owned by the Village in order to complete the Projects.

NOW, THEREFORE, the parties agree as follows:

1. Purpose. The Village hereby grants authority for the Town, the Town's professional engineering firm and the Town's contractors to access Village property on and adjacent to the Brooklea Drive and Shearer Avenue bridge structures in order to complete the Projects. Upon completion of the Projects, all property will be restored to original condition, if disturbed.

2. Incorporation of New York State and Local Agreement. This Agreement will be part of the New York State Local Agreement for these Projects, signed by the Town of Aurora and the State of New York (the "State and Local Agreement") and the terms of the State and Local Agreement will be incorporated herein by reference.

3. Term. This Agreement shall take effect as of the Effective Date and shall continue until the Projects are completed. The Projects are scheduled to occur between October 1, 2025 and December 31, 2027. The Town will notify the Village if the timeline of the Projects materially changes.

4. Insurance. The Town will insure, or cause to be insured, all individuals, entities, and activities relating to the Project which will take place on Village property.

5. Indemnification. The Town agrees to defend, indemnify, and hold the Village harmless from and against any costs, losses, damages, or third-party claims brought against the Village on account of any injury to persons or property arising from the Town's access to or presence on Village property in connection with the Projects. As a condition of indemnification, the Village must promptly furnish to the Town, in reasonable detail, such information as the Village may have with respect to such indemnification claim (including copies of any correspondence, summons, complaint or other pleading which may have been served on it and any written claim, demand, invoice, billing or other document evidencing or asserting the same).

6. Complaints. The Village shall promptly refer all resident complaints and communications regarding the Projects, and regarding the Town's access to Village property as permitted under this Agreement, to the Town.

7. Severability. Should any provision hereof for any reason be held illegal or invalid, no other provision of this Agreement shall be affected; and this Agreement shall then be construed and enforced as if such illegal or invalid provision had not been contained herein.

8. Waiver. The failure of a party hereto to insist upon strict performance of this Agreement or any of the terms hereof shall not be construed as a waiver of any of its rights hereunder.

9. Counterparts. This Agreement may be executed in two (2) or more counterparts, each of which shall be deemed an original but all of which, taken together, shall constitute one and the same instrument. PDF and facsimile signatures shall constitute original signatures.

10. Modification and Revocation. This Agreement shall not be revoked by either party, and shall not be modified, amended, or superseded without the prior consent of the New York State Department of Transportation ("NYSDOT").

11. Governing Law. This Agreement shall be subject to and governed by the laws of the state of New York.

12. Third Party Beneficiaries. This Agreement shall be binding upon and inure to the benefit of the parties hereto and is made solely and specifically for their benefit. No other person shall have any rights, interest, or claims hereunder or be entitled to any benefits under this Agreement, as a third-party beneficiary or otherwise.

13. Recording. Upon signature and approval by the NYSDOT, this Agreement must be promptly recorded in the Erie County Clerk's office along with an illustration or mapping of the Projects in the form of Exhibit A hereto.

(Signature page follows.)

IN WITNESS WHEREOF, the Parties hereto have set their hands and seal the date and year first above written.
