

How to Get Involved with Composting in East Aurora & Aurora

 The Village of East Aurora and the Town of Aurora are offering a food scrap drop-off service to residents for free! Collect your food scraps at home and drop them off at the Department of Public Works building weekly.

400 Pine St, East Aurora, NY 14052; Available 9 a.m.-2 p.m. on **Saturdays**

Food scraps will be composted at the Erie County compost facility. To learn more about the Plate to Field Program, visit <https://erie-county.framer.website/>

 Alternatively, Farmer Pirates Compost is a subscription based composting service that offers food scrap drop-off and curbside pick-up in East Aurora for a monthly fee. See the website for more information <https://www.farmerpirates.com/>

 Are these services too inconvenient or pricy? Try backyard composting. Visit the Organics tab on www.erie.gov/recycling for guidelines on how to get started.

THANK YOU for making a difference in your community!

This project has been funded in part by The Climate Smart Community Grant Program, Title 15 of the Environmental Protection Fund through the NYS Department of Environmental Conservation.
