REQUEST FOR PROPOSAL RFP 2025-01

**Microunits for Recovery Residences: Procurement or Construction of Microunits,
Site Development, and Placement of Microunits**

Amendment #1

June 25, 2025

The purpose of this addendum is to remove the mandatory requirement of the site visit scheduled for June 27, 2025 at the Elmore Permit Center (see section 2.5 of the RFP).

An additional site visit will be scheduled at the same site at 10:00 a.m. on July 16, 2025.

Each of these site visits are voluntary and provided to familiarize candidates who are considering utilizing the Municipality-owned site for the project.

The deadline period to submit questions about the RFP is extended to July 17, 2025, with ACDA responding to questions, via the ACDA website RFP page <https://www.acda.net/acda-rfp>, within three working days (see section 1.5 of the RFP). Questions are currently being accepted through the ACDA website RFP page <https://www.acda.net/acda-rfp>.
