

## Get Ready to Duel with Dice

3-Dice Duel is a unique dice game where players choose the winner of a head-to-head match. One set of three dice is used for the Player and one set for the Banker. When any side wins with a 3 over 0, all winning wagers will push. However, if this occurs, the Golden 3 optional wager will win 35 to 1.

Each hand is scored by adding together the three dice and using the last digit of the sum, resulting in totals of 0 - 9. The hands are compared and the highest total wins!
