

Shaking Up the Floor

3-Dice YAHTZEE® is a unique dice game where players choose the winner of a head-to-head match. One set of three dice is used for the Blue side and one set for the Red side. When any side wins with a 10 over 8, all winning wagers will push. However, if this occurs, the 10/8 Push optional wager will win 35 to 1.

Each hand is evaluated based on the following hand rankings below.

YAHTZEE = Three-of-a-Kind
(Highest-Ranking Hand)

Straight = Sequential Order
(Second-Highest Ranking Hand)

Chance = Sum of 3 Dice
(Third-Highest Ranking Hand)

If configured, a winning YAHTZEE in 6s can pay 3 to 2 or 6 to 5!
