

Bringing the Spotlight to Every Table

Step into the spotlight—the wheel is calling. *Spotlight Spin* brings a bold new kind of glamour to the pit: an all-tables progressive built around one unforgettable, iconic wheel. Wrapped in rich Art Deco style—gold accents, sweeping lines, and old-world elegance—*Spotlight Spin* turns every qualifying moment into a showstopping event at the table.

Qualify with the trigger displayed on screen for your game (ie. a Blackjack trigger might be a Player Blackjack), and step into the spotlight. Here's what sets *Spotlight Spin* apart: multiple eligible players can spin the wheel at the exact same time—an industry-revolutionary mechanic that turns a single moment into a shared, electric experience across the pit. Every spin builds anticipation, and every eligible player gets their own shot at the prize the wheel reveals.

Sophisticated, social, and endlessly exciting, *Spotlight Spin* delivers table-wide excitement wrapped in timeless Art Deco elegance, and links seamlessly across nearly any Galaxy Gaming progressive-enabled table with *Galaxy Link*.
