## PLAY UNDER PRESSURE

He doesn't look out of place and doesn't show any nervousness when it comes to playing under pressure in defense when it comes to getting out low. He has good skills for driving and dribbling while finding passing options.

# Tactical analysis

## INTENSITY TO DEFEND

He's an intense center back when it comes to pressing his marker and aggressive when he intervenes in a cross. He times his moves well to intercept so as not to be exposed. His crosses are strong, and he demonstrates confidence in this area.

## SPEED

He's a fast defender when he's moving forward on the attack or when he's retreating defensively in a counterattack or attack-defense transition. This allows him to win duels even when he's at a disadvantage.

## LONG PASS

Although he could improve the effectiveness of his long passes, he uses them frequently to create scoring opportunities and activate his forwards. His long passes tend to be dangerous and leave attackers one-on-one with the goalkeeper.
